Intention to Change Grades.

On motion of Supervisor Pollok:

Resolution No. 4598 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Eighth avenue South, between "K" and "M" streets South, and on "L" street South, between Seventh and Ninth avenues, in accordance with the recommendation of the Board of Public Works, filed October 7, 1909. And further declaring that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements; also directing the Board of Public Works to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated notice of the passage of this resolution of intention.

Ayes—Supervisors Balcom, Bancroft, Broderick, Conte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—16.

Also, Resolution No. 4599 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Pennsylvania avenue, between Twenty-third and Twenty-fifth streets, and on Twenty-third street, be-

tween Pennsylvania avenue and Mississippi street, in accordance with the recommendation of the Board of Public Works, filed October 7, 1909, and further declaring that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the Western Pacific Railway Co. by stipulation agrees to pay all direct and consequential damages incidental to said changes of grade; also directing the Board of Public Works to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated notice of the passage of this resolution of intention.

Intention to Change Grade of Beale Street Between Folsom and Bryant Streets.

Also, Resolution No. 4600 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following-named streets, at the points hereinafter named and at the elevation above city base as hereinafter stated, in accordance with the written recommendation of the Board of Public Works (filed October 7, 1909), as follows:

On Beale street at the crossing of Folsom street at ten (10) feet. (Same being the present official grade.)

On Beale street at the crossing of Harrison street to be lowered thirty-five (35) feet and established at five (5) feet, and that on Harrison street at the crossing of Beale street remain as it is at forty (40) feet (the latter being the present official grade of Harrison street).

On Beale street at the crossing of Bryant street at base. (Same being the present official grade.)

On Beale street, between Folsom and Harrison streets, that the grade be changed and established to conform to true gradients between the grade elevations above given therefor.

On Beale street, between Harrison and Bryant streets, the grade to be changed and established to conform to true gradients between the grade elevations above given therefor.

It is further declared to be the intention of the Board of Supervisors to order the following street work to be done on the said portions of the above-mentioned streets, to wit:

Beale street, between Folsom and

Bryant streets, to be graded to the changed official grade.

The said portions of the above-mentioned Beale street, the grades of which it is proposed to change, to be recurbed with granite curbs, where the curbs are now in good repair and condition, and to be resewered with glazed iron pipe sewers, and the southwest end or line of Harrison street, at the Beale-street crossing, to be connected with the northeast end or line of Harrison street at the Beale-street crossing, with an appropriate steel bridge thirty-five (35) feet in width, and of suitable construction and design, capable of accommodating all traffic, pedestrians, vehicles and street railroad surface cars using said Harrison street, with two appropriate steel stairways connecting said bridge with the southwest and northeast sidewalk spaces of Beale street, near the Harrison-street crossing; said bridge to conform to the official grade of Harrison street of forty (40) feet at the Beale-street crossing.

The district to be benefited by such changes or modifications of such grade and such regrading, sewerage, curbing and other improvements, and to be assessed for the damages caused thereby and the cost of making the same as above specified, is hereby defined and established as follows:

Those certain tracts, pieces or parcels of land, situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to wit:

Commencing at a point on the southeasterly line of Howard street, one hundred thirty-seven feet six inches (137' 6") northeasterly from the northeasterly line of Beale street, thence southeasterly along a line parallel with the northeasterly line of Beale street, and one hundred thirty-seven feet six inches (137' 6") at right angles northeasterly therefrom to a point one hundred thirty-seven feet six inches (137' 6") northwesterly from the northwesterly line of Harrison street, thence southwesterly along a line parallel with the northwesterly line of Harrison street and one hundred thirty-seven feet six inches (137' 6") at right angles northwesterly therefrom for a distance of thirty-seven feet six inches (37' 6"), thence southeasterly along a line parallel with the northeasterly line of Beale street and distant one hundred feet (100') at right angles northeasterly therefrom to the southeasterly line of Harrison street, thence southwesterly along said southeasterly line of Harrison street forty feet six and one-quarter inches (40' 6¼"), thence southeasterly along a line parallel with

the northeasterly line of Beale street and distant fifty-nine feet five and three-quarters inches (59' $5\frac{3}{4}$ ") at right angles northeasterly therefrom for a distance of eighty feet (80'), thence northeasterly along a line parallel with the southeasterly line of Harrison street and distant eighty feet (80') at right angles southeasterly therefrom for a distance of fifty feet six and one-quarter inches (50' $6\frac{1}{4}$ "), thence southeasterly along a line parallel with the northeasterly line of Beale street and distant one hundred feet (100') at right angles northeasterly therefrom for a distance of fifty-seven feet six inches (57' 6"), thence northeasterly along a line parallel with the southeasterly line of Harrison street and distant one hundred and thirty-seven feet six inches (137' 6") at right angles southeasterly therefrom for a distance of twenty-seven feet six inches (27' 6"), thence southeasterly along a line parallel with the northeasterly line of Beale street and distant one hundred thirty-seven feet six inches (137' 6") at right angles northeasterly therefrom to the westerly boundary line of East street, thence southerly along said westerly boundary line of East street to the northwesterly line of Brannan street, thence southwesterly along said northwesterly line of Brannan street to a point one hundred thirty-seven feet six inches (137' 6") northeasterly from the northeasterly line of Fremont street, thence northwesterly along a line parallel with the southwesterly line of Beale street and distant one hundred thirty-seven feet six inches (137' 6") at right angles southwesterly therefrom to a point one hundred eighty-three feet four inches (183' 4") southeasterly from the southeasterly line of Folsom street, thence southwesterly along a line parallel with the southeasterly line of Folsom street and one hundred eighty-three feet four inches (183' 4") at right angles southeasterly therefrom for a distance of fifty feet (50'), thence northwesterly along a line parallel with the southwesterly line of Beale street and distant one hundred and eighty-seven feet six inches (187' 6") at right angles southwesterly therefrom for a distance of ninety-one feet ten inches (91' 10"), thence northeasterly along a line parallel with the southeasterly line of Folsom street and distant ninety-one feet six inches (91' 6") southeasterly therefrom for a distance of fifty feet (50'), thence northwesterly along a line parallel with the southwesterly line of Beale street and one hundred thirty-seven feet six inches (137' 6") southwesterly therefrom to the southeasterly line of Howard street, thence northeasterly along the southeasterly line of Howard street three hundred

fifty-seven feet six inches (357' 6") to the place of beginning.

The actual cost of performing the work of regrading, sewerage, curbing and otherwise improvements of said portions of said streets as above specified shall be assessed upon the said district which is above declared to be benefited by such change or modified grade (except that the Board of Supervisors reserves the right in its discretion to order by ordinance that the whole or any part of the cost and expense of the work aforesaid or the damages resulting therefrom, be paid out of the treasury of the City and County from such funds as the Board of Supervisors may designate).

Any person owning property fronting upon said portions of the street or streets where such grade is to be changed and such street work is to be done may file a petition with the Board of Public Works within sixty (60) days after the first publication of this resolution of intention, showing the fact of such ownership, a description and situation of the property claimed to be damaged, its market value, and the estimated amount of damages over and above all benefits which the property would sustain by the proposed change if completed. Such petitions shall be verified by the oath of the petitioner, or his agent, and failure so to petition shall be deemed and treated as a waiver of any claim for such damage or damages. The Board of Public Works shall cause to be conspicuously posted along all streets within the district defined in this resolution, notices of the passage of this resolution, in the manner and in the form as required by the Charter of the City and County of San Francisco.

The Clerk is hereby directed to publish this resolution of intention in the official newspaper for ten (10) successive days, legal holidays excepted.

Communication From Spring Valley Water Company.

San Francisco, Cal., Oct. 15, 1909.

To the Honorable, The Board of Fire Commissioners of the City and County of San Francisco, 64 Eddy street, San Francisco.

Gentlemen:—Under date of August 24, 1909, we acknowledged receipt of your communication of August 18, enclosing copy of a resolution passed by you on the 12th of August.

As promised in our previous letter, your communication was presented to the Board of Directors of this company, by which a resolution was passed upon the subject. We enclose a copy of the resolution.

It is appropriate that the position of this company with reference to the subject matter be briefly stated.

At the request of the city, large investments were made by this company for hydrant purposes and in 1895 it was explicitly understood that a five-dollar hydrant rate should be maintained as a return to the company for these investments. This rate was maintained until 1901. The following table shows the return from the city to the company from 1901:

	Due Under Agreement.	Amount Paid by City.
1900-01....	\$221,925.00	\$221,925.00
1901-02....	226,285.00	80,000.00
1902-03....	233,070.00	93,228.00
1903-04....	241,270.00	96,508.00
1904-05....	247,190.00	40,000.00
1905-06....	233,205.00	43,445.94
1906-07....	180,000.00	36,000.00
1907-08....	210,000.00	39,999.96
1908-09....	240,000.00	120,000.00

On the 13th of April, 1908, this company addressed a letter to the Board of Supervisors setting forth the physical conditions of the company's plant, and suggesting that to anticipate the future needs of the city, it was necessary to make provision for increasing the daily delivery of water from the storage reservoirs of the company in San Mateo county to the distributing reservoirs within the city limits. After giving a summary of the physical conditions, the company suggested that the additions to the property to meet the future needs of the city could be provided for under one of two plans: first, the acquisition of the plant by the city and its develop-

ment under the city's control; and, second, its development by the company. It was set forth that the development of the system by the company depended on the reestablishment of the company's credit and the reestablishment of credit depended fundamentally on the adoption of a schedule of rates that would, within the not far distant future, allow a fair and reasonable return on the value of the property. In that letter, the company asked for an allowance for hydrant service of \$5 per month per hydrant.

The Board of Supervisors enacted a rate schedule for the year 1908, in which the hydrant allowance was \$2.50 per month per hydrant, and the rates to private consumers were materially less than those requested. Before the schedule was finally passed, the company called the attention of the Board of Supervisors to its inadequacy, and after its passage an application to enjoin its enforcement was made to the United States Circuit Court, and following an exhaustive hearing on application for preliminary injunction, at which both the city and the company were represented, the court held the rates to be confiscatory and enjoined their enforcement, and permitted the company, pending the final determination of the suit, to collect fifteen per cent in excess of the rates passed by the Supervisors.

After the rendition of this decision, the company requested, inasmuch as no part of the expense of one fiscal year could be paid out of the funds of a subsequent year, that provision be made for reserving and setting aside sufficient of the funds in the treasury to pay additional compensation in the event that the court should finally decide the ordinance to be void. This seemed an eminently fair suggestion, but the Supervisors declined and refused to accede to it.

Notwithstanding the ruling of the Circuit Court, to which attention has been called, the Board of Supervisors exacted for the current fiscal year the same schedule of rates as that which the court enjoined in the year 1908. The company now has a restraining order permitting it to collect fifteen per cent additional to the rates fixed by the ordinance for the current fiscal year.

You requested the company to connect 170 additional hydrants, for which you profess a willingness to pay at the rate of \$2.50 per month per hydrant. That is to say, you ask the company to furnish you with water for fire protection at a rate which the Circuit Court of the United States has held to be a confiscatory rate. It has been represented to the company that the sec-

tions of the city in which these hydrants are to be installed are without adequate fire protection, and that in the event of a conflagration, the absence of the hydrants might seriously embarrass the Fire Department, and for this reason it seems to be assumed that it is the duty of this company to install the hydrants and supply them with water at a rate which Judge Farrington has held to be inadequate and unfair to the company. The company is under no greater obligation, legal or moral, to furnish water to the city, or to any other consumer, at a rate that is not fairly compensatory, than is a merchant obliged to furnish goods to the city, or to any other consumer, for less than such goods are reasonably worth.

The situation has received very thoughtful and serious consideration at the hands of the directors of the company. It is their duty to protect the interests of the stockholders committed to their care, but there is also a public duty resting upon them by reason of the relation occupied by the company to the municipality. They are advised and are satisfied that the company is under no legal or moral duty to supply water at the rates named in the Ordinance passed for the fiscal year beginning July 1, 1909, for the reason, among others, that the enforcement of those rates has been enjoined.

You do not profess a willingness to pay any other or different rate for the additional hydrant service than the rate named in the enjoined Ordinance. Indeed, you demand that the additional service be furnished at that rate.

The company might, with entire propriety, decline to comply with your request and leave the responsibility with the municipal administration, where it properly belongs. The directors feel however, that there rests upon them a duty even paramount to their obligation to the stockholders whom they represent, and their conception of that duty impells them to grant your request, notwithstanding the injustice the city and the stockholders of the company have suffered, and are suffering, at the hands of the municipal administration.

Very respectfully yours,
THE BOARD OF DIRECTORS OF
THE SPRING VALLEY WATER
COMPANY.

By (Signed) S. W. EASTMAN,
Vice-President.

Encl.

Resolution of Board of Directors of
Spring Valley Water Company.

The following was moved and seconded and unanimously adopted, to-wit:

Whereas, The Honorable, the Board

of Fire Commissioners of the City and County of San Francisco, has formally requested the installation of 170 additional hydrants, to be connected at the expense of the City, and proposes to pay for water service through said hydrants, at the rate of \$2.50 per month per hydrant; and

Whereas, We are informed that this company heretofore made large capital expenditures under the distinct understanding with the then administration of the City that water service would be paid for at the rate of \$5 per month per hydrant; and

Whereas, The rate of \$2.50 per month per hydrant fixed by the present Board of Supervisors, has been enjoined by the Circuit Court of the United States as inadequate and confiscatory; and

Whereas, This company is under no moral or legal obligation to install said hydrants; and

Whereas, We are informed that the sections of the City in which these hydrants are to be installed are without adequate fire protection; and

Whereas, It is represented that the absence of the hydrants might seriously embarrass the Fire Department; now, therefore, be it

Resolved, That the Honorable, the Board of Fire Commissioners of the City and County of San Francisco be informed that this company will comply with its request and install said hydrants where the company has existing mains on the terms and conditions on which such installations have heretofore been made by this company, but the company protests against the unfairness of the City in requesting this service at a rate which has been held to be inadequate.

Motion.

Supervisor Sanderson moved that the Water Rates Committee formulate a reply to the communication from the Spring Valley Water Company and that it be published together with said communication in the Journal and in the Municipal Record.

Report of Finance Committee on Shortage in Treasury.

The following report was presented by Supervisor Jennings and on his motion ordered referred to the Mayor and spread at length in the Journal:

To the Honorable, the Board of Supervisors, of the City and County of San Francisco.

Gentlemen:—Your Finance Committee begs leave to notify your Honorable Board that the final report of McLaren, Goode Company, Certified Public Accountants, on an examination of the books and accounts of the Treasurer, undertaken in accordance with instructions from the Finance Committee to said accountants on date of January 12, 1909, has been filed with your Committee, and that said report shows a shortage of \$90,658.09 in the special funds deposited with the Treasurer. Of this shortage the sum of \$90,651.50 occurred during the administration of Treasurer Bantel and the difference, namely, \$6.59, occurred subsequent to said administration.

Previous to the filing of said report three preliminary reports, dated January 30th, March 26th and May 5th, 1909, were filed.

The first of said reports was confined to setting forth particulars regarding the balance of cash on hand on January 18, 1909. The second of March 26th, reported the progress made on the work up to that date, and the third report dealt with the shortage of \$90,658.09, which appeared in the cash account at the commencement of the investigation.

The following summary of said reports will indicate briefly to your Honorable Board the details of said shortage:

4. The funds affected by the shortage are:

ACQUISITION OF MUNICIPAL WATER SUPPLY.

Supervisor Johnston presented the following communication and report:

Communication From the City Attorney
With Program in Matter of Submission to Electors of Proposition to Bond City for Constructing Works for Utilizing Lake Eleanor as a Source of Water Supply.

October 14, 1909.

To the Honorable Committee on Public Utilities, Board of Supervisors—

Gentlemen: At a recent conference which considered matters relating to water supply, I was requested to submit a program to be followed that would lead to the submission of a proposition to incur a bonded debt for the purpose of constructing the works necessary for a complete system utilizing Lake Eleanor as a source of supply. In response to the request I submit the following:

I wish to impress upon the Committee the fact that the scheme now under consideration is of greater magnitude than has ever before been undertaken by the municipality, involving as it does the incurring of a bonded debt of approximately \$40,000,000. Inasmuch as the legality of the proceedings are almost sure to be attacked in some form, every act taken should be given most careful consideration, every document should receive the closest scrutiny to the end that legal objections to the issue may be as few as possible.

Assuming that the practice of the Board of Supervisors in respect to the proposed bond issue will be the same as it has been in the past, namely—that all ordinances and resolutions shall be first approved by this office before action thereon is had, I would suggest the further plan that all such proceedings be actually prepared by this office that all matters of a legal nature may be thoroughly digested prior to their presentation. In this duty I will be pleased to avail myself of the services of Mr. Mason, the Board's expert in such matters, and my assistant, Mr. Nourse, will give special attention to the subject.

I would also suggest the closest co-operation on the part of every official who is compelled by law to participate in the formulation of the proceedings.

It has been suggested that the proceedings heretofore taken in the issuance of the Water Supply Bonds could be taken as preliminary to the proposed issue and based on such proceedings another election could be called at once without any of the usual formal declarations. I, therefore, advise against this as the Charter (Sec. 5, Art. XII) provides that "the Board of Supervisors shall, at any regular meeting held *within eight weeks* after the filing of the plans and estimates of cost thereof (the public utility) . . . call a special election at which shall be submitted to the electors the proposition", etc. The plans for the proposed water system were filed more than a year ago, so you will see that this requirement of the charter could not possibly be complied with. There are also other legal objections to such a course that need not here be stated. I would, therefore, recommend proceedings *de novo* and to be treated as original.

Inasmuch as all details of a bond issue have to be worked out prior to the calling of the election, I would suggest an early determination of all such details as the amount of the debt to be incurred, the dates of maturity, rate of interest, denomination of bonds, place of payment, etc. While these questions are ordinarily matters of policy, yet they should be considered in regard to their legal effect. For instance, the amount of the debt should be divisible by the term of the bonds multiplied by their denomination without leaving fractions; also the estimates of cost should be identical with the amount of the debt proposed to be incurred. By this means serious legal questions would be eliminated and the proceedings simplified.

The following is a calendar showing the proceedings necessary to be taken with dates upon which each separate step may be taken and the earliest possible date of the election:

CALENDAR.

Oct. 18 — Declaratory Ordinance passed to print and published October 19, 20, 21, 22, 23.

Oct. 18—Resolution soliciting offers passed.

Oct. 25—Declaratory Ordinance final passage and published fourteen times, October 26, 27, 28, 29, 30, November 1, 3, 4, 5, 6, 8, 9, 10, and 11th.

Nov. 12—Plans and estimates filed.

Nov. 15—Ordinance declaring cost to be too great to be paid from revenue etc., passed to print.

Nov. 15—Ordinance calling special election passed to print and published November 16, 17, 18, 19 and 20th.

Nov. 22—Two foregoing ordinances finally passed and published ten times, November 23, 24, 26, 27, 29, 30, December 1, 2, 3 and 4th.

Nov. 29—Notice of election passed to print and published five times, November 30, December 1, 2, 3, and 4th.

Dec. 6—Notice of election, final passage, and published two weeks, December 7, 8, 9, 10, 11, 13, 14, 15, 16, 17, 18, 20, 21 and 22nd.

The special election can be held any time after December 22nd.

I would suggest that no other matters than those above outlined should be interpolated in these proceedings, the idea being to keep them as simple as possible under our complex charter requirements.

As requested I have already prepared the initial ordinance and resolution which are herewith submitted.

Respectfully,

PERCY V. LONG,
City Attorney.

Report of Public Utilities Committee on Bond Issue for Construction of System of Water Supply and Works at Lake Eleanor.

San Francisco, Calif., Oct. 18, 1909.

To the Honorable, the Board of Supervisors, San Francisco—

Gentlemen: Your Committee on Public Utilities, having charge of matters relating to the acquisition of a water supply for San Francisco, herewith submits the following report:

It has conferred with representatives of other departments of the City and County for the purpose of determining the advisability of taking further steps in securing a water supply.

It has been deemed advisable by all concerned, that the carrying out of the entire project of bringing water from Lake Eleanor should be undertaken at once, for the following reasons:

1. It will show that the City is ready and willing to accept the grant made by the United States Government upon all the conditions imposed therein.

2. It will hasten the time when San Francisco will own its own water sys-

tem and secure a supply that will be adequate for all time.

3. It is necessary to hold the election authorizing the bond issue prior to January 1, 1910, in order that the present registration can be utilized. A new registration will commence January 1st, and if the election is held prior to that time all of the voters could participate in this important matter.

This Committee therefore recommends the immediate commencement of the necessary proceedings, and herewith presents an ordinance determining that the public interest demands the construction of a system of water supply and works, and directing the Board of Public Works to prepare the necessary plans and estimates.

Also a resolution as required by the Charter, soliciting offers for the sale to the City of any existing utility of this character.

We recommend the adoption of the ordinance and resolution.

Respectfully submitted.

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN.

Passed for Printing.

The following matters were *passed for printing*:

Authorizing Payment of \$1700 to Phillip Herold for Certain Lands Required for Fire Department Purposes.

On motion of Supervisor Bancroft:

Resolution No. — (New Series). Authorizing an expenditure of \$1,700.00 to be made out of the item in the budget of the fiscal year 1909-10, "For construction and equipment of Fire Department buildings, and for purchase of lands for Fire Department purposes," in payment to Phillip Herold, as purchase price of a lot of land commencing at a point on the southwesterly line of San Bruno avenue, distant thereon 100 feet northwesterly from Silliman street, of dimensions 50 feet frontage by a uniform depth of 120 feet, being a

portion of Lot 3 in Block 1 of the University Mound Homestead Association, said land being required as a site whereon to construct a fire engine house.

Authorizing Payment of \$1125 to Market and Stanyan Streets Golden Gate Land and Improvement Company for Certain Land Required for Pipe Line Purposes for Auxiliary Water System.

Also Resolution No. — (New Series). Authorizing an expenditure of \$1,125.00 to be made out of the "Auxiliary Water System for Fire Protection Account" of the Public Buildings Fund, issue of 1908, in payment to the Market and Stanyan Streets and Golden Gate Park Land and Improvement Co., as purchase price of a lot of land, being lots numbered 33 and 62 in Block No. 16 of the Clarendon Heights Tract, required for the purposes of a pipe line in connection with the Auxiliary Water Supply System.

Extensions of Time, Schools and Infirmary.

Also, Resolution No. — (New Series). Granting extensions of time to the following contractors on their contracts for the following work, to wit:

To William S. Snook & Son, ninety days' time from and after September, 1909, on their contract for plumbing and gasfitting work on the Garfield School building, and also an extension of ninety days' time from and after September 8, 1909, on their contract for plumbing and gasfitting work on the Infirmary Building, Relief Home Tract. These extensions are granted for the reason that delay in construction of the buildings has made it impossible to install fixtures.

S. L. Hansbrough, ninety days' time from and after September 14, 1909, within which to complete his contract for general construction of the Garfield Primary School building. This extension of time is granted on account of certain changes in the plan of retaining wall of lower wall, etc., and be it further

Selecting Western Addition Block No. 667 as Site for Proposed Lowell High School Building.

Supervisor Bancroft introduced the following:

Resolution No. — (New Series), as follows:

Resolved, That the hereinafter described land be and the same is hereby selected for purchase by the City and County of San Francisco as a site whereon to construct the proposed Lowell High School building, to wit:

Block No. 667, Western Addition, bounded by Masonic avenue, Hayes,

Ashbury and Grove streets, and be it further

Resolved, That the City Attorney be and is hereby authorized and instructed to solicit offers from the respective owners for sale to the City and County of the land hereinabove described, and when said offers are received by the City Attorney, request is hereby made that the same be transmitted to the Board of Supervisors for consideration.

Privilege of the Floor.

George Belvel obtained the privilege of the floor and addressed the Board opposing the passage of the Resolution on the ground that the site therein specified was not so suitable for the purposes of the Lowell High School as that submitted by him at the corner of Bush and Hyde streets, inasmuch as it was further from the centers of population.

F. Morton, principal of the Lowell High School, also addressed the Board, opposing the proposed site and favoring that at the corner of Bush and Hyde streets.

Recommended.

Supervisor Sanderson moved that the foregoing Resolution be recommitted to the Public Buildings Committee, and that the lowest price on the Bush and Hyde streets property be obtained.

Motion carried by the following vote:

Ayes—Supervisors Balcom, Broderick, Connolly, D'Ancona, Hocks, Murdock, Payot, Pollok, Sanderson—9.

Noes—Supervisors Bancroft, Booth, Center, Jennings, Johnston, McAllister, McLeran, Murphy—8.

On motion of Supervisor McAllister: Resolution No. 4676 (New Series), as follows:

Whereas, The Portola Festival being now a matter of history, it becomes our pleasant duty to offer our hearty congratulations to the various committees, persons and public service corporations who so ably handled the parade, decorations, exhibitions and enormous crowds, and gave their part to the great success of the occasion, therefore, be it

Resolved, That we, the Board of Supervisors, hereby tender our thanks to The Portola Executive Committee, The Presidents of the Merchants' Exchange, Chamber of Commerce, and other organizations; to Charles C. Moore for his great work in obtaining the presence of the foreign war vessels, to the United Railroads, the San Fran-

cisco Gas & Electric Company and other public service corporations, and the organizations taking part in the parades, for their so ably carrying out the work, both individually and collectively.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—17.

Congratulating Various Municipal Departments on Efficiency of Service During the Portola Festival.

On motion of Supervisor Pollok: Resolution No. 4677 (New Series), as follows:

In congratulating the members of the Portola Executive Committee and the citizens of San Francisco upon the great success of the week of festivities just closed in honor of the rebuilding of San Francisco, during which we have entertained within our gates many thousands of visitors from all sections of the United States, as well as representatives from the foreign nations of the world, we would call attention to the herculean tasks imposed upon the different departments of the City government, that have been without

parallel in this City, and that have been met and accomplished with a consummate ability, which has called forth the commendation, not alone of our own people, but also of our visitors; now therefore be it

Resolved, That the Board of Supervisors, on behalf of the people of the City and County of San Francisco, hereby congratulates the various departments of the City government upon the accomplishment of their tasks, which contributed so markedly to the enjoyment, comfort and success of the fiesta, and hereby especially commends the Police Department, the Department of Public Works, the Health Department, the Board of Education and the Fire Department, and further resolved that a copy of this resolution be sent to each of those departments.

Repository of Jusserand Medal.

The following Report was received, read and ordered *filed*:

San Francisco, Cal., Oct. 30, 1909.
To the Honorable, the Board of Supervisors, San Francisco.

Gentlemen: Your Special Committee, appointed under Resolution No. 3975 (New Series), to whom was delegated the duty of obtaining a suitable receptacle wherein to place a gold medal commemorative of the City's rehabilitation, presented by the Republic of France through her Ambassador to the United States, Jean Jules Jusserand, on June 5, 1909, to the City of San Francisco, through her Mayor, Edward R. Taylor, begs leave to report as follows:

Said medal has been transferred from its temporary depository in the Treasurer's Office to the Park Museum, and is now under the exclusive control and jurisdiction of the Park Commissioners.

Through the kindness of Mr. E. D. Curtis, a beautiful onyx pedestal whereon to place the medal, has been given to the City and County of San Francisco.

The Whittier-Coburn Company has given a beveled plate glass, enclosing the medal, which is now open to the view and inspection of the public.

Respectfully submitted,

HENRY PAYOT.

EDWARD R. TAYLOR.

Vote of Thanks.

Supervisor Payot moved that a vote of thanks be extended to Mr. E. D. Curtis and to the Whittier-Coburn Company.

So ordered.

REPORT OF COMMITTEE ON STREET NAMES.

Supervisor Murdock presented the following report:

San Francisco, November 8th, 1905.

To the Board of Supervisors of the City and County of San Francisco:

The undersigned, constituted a commission to recommend necessary changes in the names of the city streets, beg leave to report that the matter has received careful consideration. Assured by the postal authorities that not less than 500 letters daily go astray or are delayed in delivery through the chaotic conditions existing, the necessity of action in relief is forcibly impressed upon us; but bearing in mind the disturbance and annoyance incident thereto, the presumption has been against change, and for all recommendations made there

seems to be either absolute necessity or clear desirability. The changes proposed correct only the most flagrant abuses, leaving undisturbed much that is to be regretted but can be endured.

The main cause of irregularity in mail delivery is the duplication in the use of names. For instance, we have a Virginia street, a Virginia avenue, a Virginia place and a Virginia court. The use of the same name for a street and an avenue is common. To remedy this inexcusable state of affairs, over two hundred changes are required. In determining which name to change in case of duplicates, we have taken the least important or the shortest—that the fewest residents may be affected.

The word avenue has been greatly misused. It should be reserved for important streets or used for thoroughfares at right angles with streets. Some of our avenues, are little more than alleys. It is impossible to wholly correct this abuse, but we have recommended a number of changes, and where we have eliminated a duplicate avenue we have generally substituted "street" for "avenue".

We recommend the following changes:

The first consideration in selecting a street name should be use. It should not be difficult to pronounce or spell, nor should it be very long. So far as possible, a name should be pleasant to the ear—musical in sound. Beyond that it should have significance. It should mean something or commemorate some character or event. The names of persons are the best street names, especially those of historic or patriotic significance. It is wholly fitting that men who have served their country well, or who have been local pioneers, or who have made their names conspicuously respected in a community, should have them perpetuated in the names of streets and made familiar to those who are to follow them. San Francisco began well, but as the city has extended good example lost its force, and the result is great confusion and serious loss. Among the conspicuous mistakes are the use of the alphabet and the overworking of the numerals.

The use of the letters of the alphabet as names for streets is a cheap and indefensible expedient resorted to only when imagination is lacking. It is in a way convenient and easy, but without meaning or beauty, and its only advantage can be secured by means that have none of its disadvantages. We have two sets of lettered streets in San Francisco—one in the western part of the city, and one on the southern border, to which we add South. For both of these we recommend names, having the present street designation as an initial, preserving all the utility and giving names of significance

and character. For the South, which will be a business district, we propose the names of men who have rendered public service or borne an honorable part in the business life of the city. They are short, and certainly no objection can be made to substituting them for the letters with which they begin.

SOUTH SAN FRANCISCO.

A street South to Alvord. For William Alvord.

R street to Rivera.

S street to Santiago.

T street to Taraval.

U street to Ulloa.

V street to Vincent.

W street to Wawona.

X street to Xavier.

NUMBERED AVENUES.

The use of numerals for streets and avenues is so plainly convenient that it is generally adopted. In San Francisco we are unfortunate in having both numbered streets and numbered avenues, and are absolutely without excuse in having two sets of numbered avenues, one of them distinguished with the suffix "South".

The confusion is aggravated in the Potrero district where letters addressed, for instance, to Fifth avenue South, San Francisco, are often sent to South San Francisco, a distinct post-office. This condition can be but partially relieved. It is obvious that the numbered streets must remain, although it is confusing that since First street was named six other streets have been laid out on the filled land, so that First street is the seventh from the Bay.

It is evident that something must be done with one set of the avenues. It would be better if both were given names, leaving numbers to the streets alone, but one set can be endured without great confusion. In making our recommendation as to which shall give way, we are actuated by two consider-

ations. By priority of use South San Francisco is entitled to retain the numbers. The possibility that the city may extend down the peninsula admitting the indefinite continuation of numbered avenues, while the Richmond avenues reach the ocean at Forty-ninth is an added reason.

On the other hand, the Richmond and Sunset districts are a populous residence section, stretching from the old cemeteries to the ocean, and the people are familiar with and generally reconciled to the numerical scheme. At first it seemed a daring innovation to propose forty-nine new names, but more mature consideration convinced us all that it not only ought to be done, but that the change presented an opportunity to very materially add to the charm and interest of the city, and if carried out would give the section a distinct character that would be of value in many ways.

California is blessed with a historic background of peculiar interest, romantic and picturesque. It is a distinct asset that we cannot afford to ignore. It should in every way be fostered and stimulated. The beauty of the Spanish nomenclature of California is admitted, and the railroad companies entering the State have proven its direct commercial value.

San Francisco has neglected its opportunity. Other California cities of Spanish origin have availed themselves of the musical names associated with its discoverers and founders, and made the most of our common inheritance. We have made very little of it.

Around the old Mission the names of a few early families are perpetuated, but there remains unused a wealth of historic names of great importance and of very great beauty. They belong to us and should be appropriated. It will be of distinct advantage to have these names grouped in one quarter of the city, which will be distinguished by them.

That the advantage of known succession may be preserved, we have arranged the selected names alphabetically. The first set are of historic significance, commemorating men prominent in the days of Spanish occupancy. The second set are the names of saints, ten of which have been given to California missions. The last avenue, Forty-ninth, we name La Playa—the beach. This gives to the whole district Spanish names of beauty and significance. Names difficult to pronounce have been avoided. We are awakening to the charm of the Spanish period. Our Portola celebration testifies to the hold it has on the imagination and interest of all sorts of people. If we give these names to our residence streets, we will establish permanently the poetic background of

our early history, and our beautiful streets will have musical and pleasing names.

We are confident that the temporary inconvenience from unfamiliarity will soon be forgotten and that the new names will prove very attractive and popular.

First avenue to Arguello boulevard. For Jose Dario Arguello, Comandante of San Francisco, 1806; Governor *ad interim*, 1814-15; founder of the Arguello family.

Forty-ninth avenue to La Playa avenue.

MISCELLANEOUS.

We make a number of recommendations for miscellaneous changes, some of which are to correct confusion of names, some to reduce the number of streets through giving a single name to two connecting streets. We have discouraged the use of points of the compass as parts of street names, as it leads to confusion in the delivery of mail and is otherwise objectionable. The most conspicuous instance of this faulty naming of streets confronts the stranger who arrives at the water front and passes to East street North or East street South, as the case may be. We have a beautiful building at our ferry gate, and in time the esplanade fronting it will be very attractive. It should have a distinctive and fitting name. We propose to ask the State authorities, under whose control it is, to call it The Embarcadero, which has a meaning, is beautiful, and fits in with other city names like the Potrero and the Presidio. The Board of Harbor Commissioners have concurred with our recommendation. The change will give our water-front a name that will be of world-wide renown, associated with the Spanish antecedents of the city.

Among the more important of the miscellaneous changes is the necessary clearing up of the confusion in the use of the historic name Montgomery. It ought to be confined to the street to which it was originally given, and we propose that the avenue now called Montgomery be called Columbus, and that New Montgomery street be named Davidson street, departing in this instance from the rule that streets shall not be named for living men. Professor George Davidson is recognized now, and always will be, as one of our foremost citizens who by character, attainments and services is entitled to any honor we can pay him. The other changes seem to require no special explanation. They are as follows:

Central avenue to Presidio avenue.
Devisadero street to Divisadero street.

East street North and East street South to The Embarcadero.

East avenue to Highland street.
East Park to Park street.

Holly Park avenue to Holly Park circle.

Miliken street to San Bruno avenue.

Montgomery avenue to Columbus avenue.

New Montgomery street to Davidson street.

North avenue to Bocana street.

North Willard street to Kemble street.

Serpentine place to Saturn street.

South Broderick street to Buena Vista terrace.

Union avenue to Highland street.

West avenue to Jarboe street.

West Clay street to Francis Drake street.

West Mission street to Otis street.

West Park to Park street.

We are impressed with the necessity of much fuller designation of the names of all our streets, and urge that an appropriation be made that will enable the Board of Public Works to place appropriate signs on all street corners where required, that strangers may readily find their way.

We append a letter received from the Postmaster, in reply to an inquiry as to the changes demanded from the standpoint of the Postoffice Department.

We favor his suggestion to do away with all district designations, and favor the omission from the city maps of Sunset, Richmond, etc.

We ask an unprejudiced consideration of the recommendations we have made, and are confident that their adoption will prove of lasting benefit.

Very respectfully,

CHARLES A. MURDOCK,

HENRY PAYOT,

W. W. SANDERSON,

J. D. MCGILVRAY JR.,

ZOETH S. ELDRIDGE,

R. W. MADDEN,

CHARLES SEDGWICK AIKEN.

Postoffice, San Francisco, Cal.

Office of the Postmaster.

September 29, 1909.

Mr. Charles A. Murdock, Chairman
Commission on Street Names, San
Francisco, California.

Dear Sir:

Replying to your question, "To what extent the delivery of mail suffers in efficiency or economy from the conditions at present existing," I beg to say that daily at least 500 pieces of mail are delayed owing to the duplication of names of streets, places, courts and districts. The delay in some cases is small, in some cases considerable, and frequently important mail is involved, leading to much embarrassment to the addressee, the addressee, and to the service.

Replying to your second question regarding the elimination of all duplicates, because of the delay brought

about by duplicates, I would eliminate them all.

For the same reason I would not recommend two sets of numbered avenues, with or without the addition of "South" or any other prefix. In deciding, should duplicate numbered avenues be renamed, which avenue should retain the numbers, I would suggest that those lying in the South San Francisco district be the ones to retain the numbers—

First: Because it is the older district; and,

Second: Because these avenues can be extended on down the peninsula indefinitely, a condition which is not so well obtainable in the Western Addition.

I would further suggest the retention of the same name throughout the entire length of a street, as, for instance, in the case of Geary street and Point Lobos avenue. I believe it should be either one or the other from end to end.

I would suggest further that should all duplicates be eliminated, the necessity for such distinctions as courts, places, etc., are not necessary.

As a final suggestion, I would do away with all names of districts, such as Sunset, Richmond, Parkside, etc., as they lead to quite as much confusion in our service as duplications of the names of streets.

These suggestions are purely from the postoffice standpoint. It is very desirable, in our service, that an accurate address be furnished, and that there be but one possible place where a letter can be delivered.

Very truly yours,

WILLIAM BURKE,

Assistant Postmaster.

a certificate of inspection shall be furnished by some competent inspector of boilers that said boiler is safe, which certificate shall specify, the test to which said boiler was subjected.

Oil Permits.

Also, Resolution No. — (New Series) Granting permission, revocable at will of the Board of Supervisors, to the Fourth Street Co. to erect and maintain a storage tank of not more than 1,500 gallons capacity, in premises situate at the southwest corner of Fourth and Howard streets, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting the Keystone Construction Co. permission, revocable at will of the Board of Supervisors, to blast for the purpose of removing rock in the construction of a fire cistern at the corner of Twentieth and Kansas streets.

Provided, that said permittee shall execute and file a good and sufficient bond in the sum of five thousand (\$5,000) dollars, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that said blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by the said Keystone Construction Co., then the privilege and all rights accruing thereunder shall immediately become null and void.

Denying Laundry and Boiler Permit.

Supervisor Broderick presented the following:

Resolution No. — (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission be and the same is hereby denied the following:

Jean Labat, for permission to conduct a laundry at premises situate at No. 4141 Eighteenth street.

Sunrise Dye Works, for permission to erect and maintain a boiler in premises situate at No. 1421 Point Lobos avenue.

Privilege of the Floor.

A. Lapachet, representing Jean Labat, was granted the privilege of the floor and addressed the Board, stating that his client wished to conduct a French laundry at 4141 Eighteenth street, that inasmuch as no boiler was to be used in the operation of said laundry the danger to surrounding property, if any, would be very small, and that the petitioner should not be denied the privilege of carrying on a

legitimate enterprise in said locality.

H. Plant, representing the Eureka Valley Improvement Association, also addressed the Board and requested that the foregoing Resolution be postponed one week.

Motion.

Supervisor Connolly moved that the items in the Resolution be segregated.

So ordered.

Adopted.

Whereupon, the following Resolutions were presented in lieu of the foregoing and adopted by the following votes:

Denying Laundry Permit, Jean Labat.

Resolution No. 4725 (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission be and the same is hereby denied Jean Labat to erect and maintain a laundry in premises situate at No. 4141 Eighteenth street.

Ratifying and Confirming Agreement to Purchase Plant of County Line Water Company.

Also, Resolution No. 4725 (New Series), as follows:

Whereas, on the fifth day of November, 1909, a certain agreement was made and entered into by and between the County Line Water Company, a corporation, and the City and County of San Francisco, which agreement was executed by the proper and legal representatives of said corporation on its part, and by the Mayor of said City and County, attested by the Clerk of the Board of Supervisors, which said agreement agrees to convey to the said City and County of San Francisco, certain real and personal property, as fully appears therefrom and is made a part of this Resolution; now therefore

Resolved, That the agreement referred to in the preamble to this Resolution and hereinafter fully set forth, and the execution thereof by the City and County of San Francisco, be and the same is hereby ratified and in all things confirmed; that the following is a true copy of said agreement:

THIS AGREEMENT, made and entered into this fifth day of November, A. D. 1909, by and between the **COUNTY LINE WATER COMPANY**, a corporation, duly organized, existing and doing business under and by virtue of the laws of the State of California, with its principal place of business in the said City and County of San Francisco, State of California, the party of the first part, and the **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation, of the State of California, the party of the second part,

WITNESSETH:

That whereas, the party of the first part, at all times herein mentioned was, and is the owner of the following described real and personal property situate, lying and being in the City and County of San Francisco, State of California, to wit:

REAL PROPERTY.

Lots One (1), Two (2), Three (3), Four (4) and Sixty-two (62), in Block Thirty (30). Lots One (1), Two (2), Fifty-eight (58), Fifty-nine (59) and Sixty (60), in Block Fifty-four (54).

Lots Five (5) and Six (6) and the easterly four (4) feet of Lot Four (4) in Block Sixty-seven (67), and the southerly ten (10) feet of Lots One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Seven (7), Eight (8), Nine (9) and Ten (10), in Block Sixty-seven (67), all said lots and blocks being in the Reis Tract, which said tract is described on a map filed by Ferdinand Reis, in the office of the Recorder of the City and County of San Francisco on May 19, 1904, and recorded in Map Book Number 1, pages 241 and 242; the boundaries of said tract being fully described in a grant by Ferdinand Reis to Julius C. Reis, dated May 17, 1904, and recorded in the office of said Recorder May 19, 1904, in Liber 2053 of Deeds at page 264.

PERSONAL PROPERTY.

Pumping plant, wells, pipe line, large reservoir, capacity 500,000 gallons, small reservoir and tunnel, horse, wagon and harness and all personal property belonging to or used by the water company and connected with the water works of the party of the first part, and

Whereas, on the 19th day of October, A. D. 1908, the Board of Supervisors of the City and County of San Francisco, duly and regularly passed and adopted and enacted a certain order or ordinance known as Bill No. 683, Ordinance 588 (New Series).

Whereas, at a special election duly held in said City and County of San Francisco, on the 12th day of November, A. D. 1908, it was duly voted and decided by the people of said City and County of San Francisco, in due form, and in accordance with law, authorizing the said Board of Supervisors of the said City and County of San Francisco, to acquire, by purchase, the plant and water works of the party of the first part now operated in that part of said City and County of San Francisco, known as the Reis Tract; and

Whereas, the said Board of Supervisors of said City and County of San Francisco, by Resolution No. 2959 (New Series), declared the result of said special election; and

Whereas, it is desired by the people of the said City and County of San Francisco, that all of the rights of the said party of the first part, in and to the said property, should be acquired by the City and County of San Francisco, with a view to the operation of the said water works by the said City and County of San Francisco;

NOW, THEREFORE, the said party of the first part hereby agrees to sell, grant and convey to the said party of the second part, and the said party of the second part agrees to purchase from the said party of the first part

all of the rights and privileges of the party of the first part, in and to said property hereinabove described, and all rights held by or accrued or accruing to the said first party, in and to all of the real and personal property hereinabove described, for and in consideration of the sum of twenty-five thousand (\$25,000.00) dollars, gold coin of the United States, to be paid as follows, to wit: the sum of twenty thousand (\$20,000.00) dollars, in gold coin of the United States to be paid on the first day of December, A. D. 1909; and the remaining five thousand (\$5,000.00) dollars to be deposited with the Central Trust Company of California, a corporation, of the City and County of San Francisco, State of California, the same to be held in escrow for the period of two years for the purpose hereinafter set forth. The said sum of five thousand (\$5,000.00) dollars, so deposited in escrow with the Central Trust Company of California, a corporation of the said City and County of San Francisco, State of California, shall be held and retained by said Central Trust Company of California, a corporation, from and after the 1st day of December, A. D. 1909, the same to be drawn upon from month to month by said second party, if necessary, for the payment of any deficiency in the operating expenses of said plant by said second party, over and above the receipts obtained for water furnished from said plant; that at the expiration of each month and before the 10th day of the following month thereafter the party of the second part shall file a statement with the said Central Trust Company showing the deficiency, if any, in the operation of said plant during the month in which the deficiency occurs and thereupon said Central Trust Company shall pay to the said party of the second part the amount of said deficiency out of the said sum of five thousand (\$5,000.00) dollars deposited in accordance with the terms of this agreement.

That at the expiration of two years, from said first day of December, A. D. 1909, a full, true and correct accounting shall be made by the said party of the second part with the party of the first part, showing the total amount received for water supplied from this plant, also all money received for house connections, together with a statement of all money expended for operating said plant, and should said statement show that more money has been expended than has been received, during the full term of two years the difference or deficiency shall be paid by said Central Trust Company of California, to the said party of the second part, from said sum as above provided, and the balance then remaining of said sum shall be paid by said Central Trust Company of Cali-

fornia to the party of the first part or its assigns.

It is further understood and agreed by and between the said parties hereto that the present engineer of said plant shall be retained in his position by the party of the second part, until the said sum of twenty thousand dollars, above mentioned, has been paid to said party of the first part.

The said party of the first part hereby covenants and agrees to turn over and deliver to the said party of the second part the property herein agreed to be sold and conveyed, free and clear of all liens and incumbrances of every sort, and free and clear of all taxes and liens for taxes; and the party of the first part hereby agrees that upon the execution and delivery of this agreement it will execute to the City and County of San Francisco and deliver to the said Central Trust Company of California a good and sufficient grant, bargain and sale deed conveying all of the property described herein, real and personal, to the said City and County of San Francisco; said deed to be delivered to the said party of the second part upon the payment of the said sum of twenty thousand (\$20,000.00) dollars and the deposit of the further sum of five thousand (\$5,000.00) dollars as specified herein.

IN WITNESS WHEREOF, the said party of the first part has, by its officers, they being duly authorized so to do, written the name of the said party of the first part, and affixed the official seal of the said party of the first part and the said party of the second part by and through the Mayor of the said party of the second part, he having been duly authorized so to do, has written the name of the said party of the second part and the Clerk of the Board of Supervisors of the said party of the second part has attested the name and affixed hereto the seal of the said party of the second part, the day and year first herein above written.

Action Deferred.

The following Resolution was introduced by Supervisor Center and on his motion *laid over one week*:

City Not to Oppose U. S. Government in Matter of Condemnation of Certain Land on Great Highway.

Whereas, The Board of Park Commissioners of the City and County of San Francisco, advised the Board of Supervisors, under date of October 9, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway, lying between "I" and "J" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Searchlights Nos. 1 and 2" thereon; and

Whereas, Said Board of Park Commissioners also advised the Board of Supervisors, under date of November 1, 1909, that the United States Government seeks to condemn a certain por-

tion of the Great Highway lying between "H" and "I" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Fire Control Structures" thereon; now therefore

Resolved, That the City and County of San Francisco will not oppose the consent of the United States Government in these actions, it being deemed by this Board that the purpose for which the lands are sought to be condemned will be of a higher use than at present.

The attention of the City Attorney is hereby called to the provisions of this Resolution.

Section 2. The attention of the Assessor, the Recorder, the Board of Public Works, the City Engineer and also offices and departments of the City and County of San Francisco is hereby called to the provisions of this ordinance and said departments and offices are hereby authorized and instructed to change their maps, plats and records accordingly.

Section 3. This ordinance shall take effect immediately.

Privilege of the Floor.

Julius Frankel, representing the Sunset District, obtained the privilege of the floor and addressed the Board, requesting that the numbered and lettered streets in the Sunset District be retained for the reason that they were in use in said district first, and should not be done away with in order that they might be preserved in South San Francisco.

Charles W. Polk, representing the Richmond District, addressed the Board, and objected to the names of those whom he called Spanish robbers and freebooters, instead of the convenient numbers and letters now in use. He suggested that if the names of patriotic Americans was exhausted that the names of celebrated men of the motherland be used. He opposed the use of saints' names.

W. W. Watson, representing the Richmond District, addressed the Board, opposing the use of Spanish names on account of the difficulty the conductors on street cars would have in mastering them.

W. C. Cavitt, attorney, representing Oceanside and Sunset District, also addressed the Board, opposing the use

of Spanish names, declaring that if the bill was passed that his district would be in danger of acquiring the title of "Spanishtown."

W. R. Watson, representing Richmond District, objected to the use of Spanish names, stating that Spain was one of the most cruel and blood-thirsty nations in Europe, and referred to the Inquisition. He stated further that if necessary there were plenty of names celebrated in American, English, Scotch and Irish history that could be used for street names. He suggested the names of "Conboy" and "Dinan." He also instanced various pronunciations of the word "Xavier," which he said Spanish scholars had given him, as an indication of the difficulty that people unfamiliar with the language would have in case the bill was passed.

Mme. Sobier, representing the Richmond District, addressed the Board, stating that there were large numbers of people in the Richmond District who were in favor of the proposed changes in the street names, although they were not present at the meeting. She declared in favor of all the changes submitted by the committee.

Edgar Painter, representing the North End Improvement Association, addressed the Board, requesting that the name of Montgomery avenue be retained.

Executive Department Spring Valley Water Company, 375 Sutter street, San Francisco, Cal., Nov. 12, 1909.

Mr. John E. Behan, Clerk of the Board of Supervisors—Dear Sir: As copies of the letter that has this day been sent to the Board of Supervisors may be wanted I beg to enclose two copies.

Very truly yours,

W. B. BOURN, President.

2 encls.

Spring Valley Water Company.
San Francisco, Cal., November 12, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: We have heretofore acknowledged receipt of your letter of October 25, 1909, in which you enclosed copy of Resolution No. 4618 (New Series), approved October 20, 1909, and a notice bearing date October 23, 1909, addressed to all owners of any existing public utility, to wit a water supply and works for supplying water to the City and County of San Francisco and its inhabitants, or any portion thereof, soliciting and inviting them to submit an offer or offers in writing to sell such utility to the City and County, and stating that the Board of Supervisors will consider any and all such offers that may be

submitted on the 15th day of November, 1909.

In compliance with this notice, we hereby offer as follows:

First: It has been repeatedly stated by the members of your Board that it is your policy to proceed with the acquisition of the so-called Hetch Hetchy system whether the city and county does or does not acquire the property of the Spring Valley Water Company, and you have formally declared in favor of the acquisition of the Hetch Hetchy system. The cost of that system will be more than forty million dollars. It will not be possible for you to incur an indebtedness of forty million dollars for the acquisition of the Hetch Hetchy system and to purchase the property of the Spring Valley Water Company even at the valuation placed upon it by your Board and by the City Engineer owing to the Charter limitations upon the bonded indebtedness which the municipality may create without a radical increase of the present assessed valuation of the property of the taxpayers. The Hetch Hetchy system cannot be completed inside of ten or twelve years from the date when work is actively begun. We recognize that if you are to proceed with that system it is absolutely essential to the protection of the city that some arrangement be made by which the water supply may keep pace with the demand until water from Hetch Hetchy can actually be delivered within the municipal limits. In this emergency, and in order that the resources of this company may be so utilized as that the city may be kept fully supplied with water, and upon terms which are financially possible to the municipality, we offer to sell to the city and county all of the distributing system within the limits of the municipality, including reservoirs, pumping stations and all pipe lines of every description and service connections and also five hundred acres of the Merced Ranch in which are included the two Merced Lakes, for nineteen million, four hundred and twenty thousand, seven hundred and fifty dollars. The details of this offer will be furnished to you on your request.

If the property be purchased we will enter into a contract to deliver to the city and county, at the county line for fifteen years, water in the following quantities and at the following prices:

Forty million gallons per day until July 1, 1910, at fifteen cents per thousand gallons;

Fifty million gallons per day from July 1, 1910, until July 1, 1912, at fourteen cents per thousand gallons;

Seventy million gallons per day from July 1, 1912, until July 1, 1917, at thirteen cents per thousand gallons;

One hundred million gallons per day from July 1, 1917, until July 1, 1925, at twelve cents per thousand gallons; and at the option of the city, to be exercised when the contract is made, we will agree to deliver daily seventy-five million gallons for a stated time after 1925, or perpetually. The contract to fix the minimum quantity which the municipality shall take during the periods specified. Payments to be made by the city and county each month for water supplied during the preceding month.

The property which we herein offer to sell will be useful and available to the city and county in connection with any water supply which the municipality may acquire and the purchase of it by the city and county under the plan suggested would practically enable the municipality to own its water works long before the time when water can be supplied from any other system.

If this proposition is accepted by you, all papers necessary for its consummation will be executed at once by the company and deposited in escrow for a period of five months.

Second: If you are willing to consider only the purchase of the entire property of the company our offer is as follows:

There has been much discussion between members of your Board and representatives of this company regarding the value of the company's property. Litigation is now pending between the municipality and the company, in which the value of the property is an important issue to be decided. In view of the differences of opinion on this subject, it seems quite probable that a negotiation looking to an agreement upon a price, which the municipality can afford to pay, and at which the company can afford to sell, carried on in the utmost good faith would cover a considerable period. Transactions of such magnitude cannot, in the nature of things be speedily determined. The highest value ever placed by the Board of Supervisors upon the property and the highest value ever fixed by the City Engineer is far below the price which the company would accept for the property. On the other hand, you have given us to understand that the value placed upon the property by the company and by the company's engineers is in excess of the price at which you would recommend its purchase by the city and county. It has, however, been stated by individual members of your Board that the Board would recommend to the electors the purchase of the property at its reasonable value, and the company has several times stated that it would sell for what the property is reasonably worth. Under the circumstances it does not seem reasonable that the company should be

asked to make an offer of its property which you may arbitrarily reject or upon which you may fail to take any action whatsoever. If you do really desire to acquire the property—and you have never indicated by any action of your Board that you do desire to acquire it—and will take up the subject of the purchase and endeavor to agree upon a price, and if we can, in private discussion with all, or a designated number, of your members, agree upon a figure at which you will recommend its acquisition to the electors, we will make you a formal offer.

If this suggestion does not commend itself to you, then we are willing to agree that the value for any and all purposes shall be fixed by arbitrators. We will sell at a price to be fixed by a board of arbitration consisting of eleven members, to be composed as follows:

The Chief Justice of the Supreme Court of California;

Two to be appointed by the President of the United States;

Two to be appointed by the Governor of the State of California; or, at your option, the last two to be appointed as follows: One by Hon. W. W. Morrow, Circuit Judge of the United States, and the other by Hon. Erskine M. Ross, Circuit Judge of the United States;

Three by the Board of Supervisors of the City and County of San Francisco; and

Three by the Spring Valley Water Company.

Of the three to be appointed by the Board of Supervisors, at least one shall be an hydraulic engineer; of the three to be appointed by the Spring Valley Water Company, at least one shall be an hydraulic engineer.

No one who has been a witness, or who has made an affidavit in any litigation now pending between the city and the company, or between the city and the Spring Valley Water Works, or who has been or is an officer of the city or the company, or who has ever appeared as a representative or advocate of the city or company in any matter affecting the acquisition of a water supply by the city shall be appointed as an arbitrator.

The company will agree to sell its property to the city at the award made by a majority of the arbitrators, the sale to be made at any time within six months after the award is made and the Board of Supervisors on its part shall agree that upon the coming in of the award, it will recommend to the electors the purchase of the property at the amount of the award, and will take all of the necessary steps to submit the proposition to the electors.

If this form of arbitration does not meet with your approval, we will agree

to any other mode of arbitration that is calculated to result in the selection of fair and unbiased men.

There may be some doubt of your power to agree to an arbitration. Nevertheless the company is willing to submit to an arbitration and to be bound by the award which the arbitrators may make.

We assume that thirty days will afford you ample time to determine whether you wish to accept either of these offers, and each of them will remain open for thirty days.

At a special meeting of the Board of Directors held this day, this letter was unanimously approved by the Board and ordered spread upon the minutes of the company.

Respectfully,

SPRING VALLEY WATER COMPANY,

By (Signed) **W. B. BOURN,**
President.

Communication From the Spring Valley Water Company With Details on Valuation of Its City Distributing System.

Pipe System.

We have estimated the value of the pipe system at \$7,000,000.

Many elements enter into this estimate. The larger portion of the system consists of an extra high standard of cast iron pipe made under rigid specifications and supervision. To reproduce this pipe today would cost much more than was originally paid for it. Against this increase in value over cost is to be charged depreciation in value for its use when a valuation is being made for the purposes of a sale. Owing to the increased cost of labor and the condition of the streets in San Francisco, which in many places are filled with public service and other structures, and now bituminized, the cost of laying pipe would be far greater than the original cost of the system.

Merced Lakes.

To determine the value of Merced Lakes with 500 acres of land, two or more methods of valuation are open:

As a water supply, these lakes produce over three million gallons of water per day. They are so situated that this water is available for distribution at a minimum expense. Allowing a net value for water after deducting cost of pumping, etc., the water appraised at twelve cents per thousand gallons, would produce an income of \$131,400 per year, which sum is equivalent to five per cent or \$2,628,000. If capitalized at the rate of four and a half per cent, at which the city is issuing bonds, its value would be \$2,920,000.

The value of 500 acres, if treated for its land value, would be from \$4,000 to \$5,000 per acre. Five hundred acres at \$4,000 per acre, equals \$2,000,000.

In addition to its land value, it is the almost universal opinion of those familiar with the situation that it is of vital importance as a storage reservoir for San Francisco. The lakes now store twenty-five hundred million gallons of water. They can readily and economically be made to store three thousand million gallons. In determining this value it is necessary to consider what it would cost to acquire land and build a reservoir within the city limits capable of storing three thousand million gallons.

We have appraised the water and the reservoir and enough land in addition to that covered by the lakes to equal five hundred acres at the sum of \$5,000,000.

You will observe we have not included anything in this estimate for service connections. You may say, however, that they were not made by the company. It is to be remembered that if the municipality were to install a distributing plant, some one would be called upon to pay for service connections. 54,567 service connections at \$15 amounts to \$818,505, which would be saved either to the city or the taxpayers if our plant were purchased.

Offer of Wm. H. H. Hart and Associates
to Sell Water Supply in Mokelumne
River Area for \$30,950,000.

San Francisco, November 12, 1909.

To the Honorable, the Board of Super-
visors of the City and County
of San Francisco.

Sirs:—The offer is hereby made to sell to the City and County of San Francisco, a right to a source in the Mokelumne River watershed, of water supply for the use of said City and County and of the inhabitants thereof, together with a complete system of safe, adequate and economical water works to be built by us on our own plan and specifications, delivering 60,000,000 gallons daily from the source of the water in the Mokelumne River watershed, into and distributing the same through the streets of said City and County, together with all the lands and easements constituting the sites of said water works, for the sum of thirty million nine hundred and fifty thousand dollars (\$30,950,000).

Respectfully submitted,

WM. H. H. HART,

For himself and associates.

San Francisco, Cal., Nov. 12, 1909.

To the Honorable, the Board of Super-
visors of the City and County
of San Francisco.

Sirs:—The offer herewith made to sell to the City and County of San Francisco, an available source of fresh water supply, combined with an originally constructed and completed

system of water works, constituting together a complete public utility of water supply for the City, for the sum of \$30,950,000 is *bona fide*.

The source of water supply included in our offer will provide very much more water than 60,000,000 gallons daily, this quantity named being the specification of quantity which the water works we offer, completely constructed, will deliver. The available quantity of water supply from our source is sufficient for the full supply of water works of very much larger daily capacity of flow than 60,000,000 gallons.

The price named by us, \$30,950,000, is about \$15,000,000.00 less than the estimate for the water supply and water works which we are informed the City Engineer will file with your Honorable Board.

The annual cost of water which will be paid by the people of San Francisco if the offer made herewith be accepted, will be about \$1,000,000 less than if the City were to obtain its water supply by the plan and estimated cost of the City Engineer.

In making our offer we desire to sell to the City the kind of water works construction which it desires to buy. Our offer is made on our own plan and specifications of construction because the advertisement of the City soliciting offers, does not specify what plan and specifications of construction will be acceptable. We would respectfully call your attention to the fact that the City's advertisement does not specify the quantity of water which shall be available for the service of the City. In other words the City has not said how much water it desires.

We desire to state that we are prepared to modify our offer if, in the progress of your negotiations, you find that it will be to the advantage of the City to combine the water sources and water works construction of several offers into a single proposition of water supply.

In this connection we suggest that a combination of part of what we have offered herewith, with part of the water source and water works of the Spring Valley Water Company, should be possible of acquisition by your Honorable Board at a total price not exceeding \$40,000,000, and would provide the City with works having a capacity of 75,000,000 gallons daily delivery.

Yours truly,

WM. H. H. HART,

Attorney.

Communication From Board of Public Works Transmitting City Engineer's Plans and Estimates of Cost of a Municipal Water Supply, From Lake Eleanor and the Tuolumne River and Its Tributaries.

Office of
Department of Public Works.
San Francisco, November 12, 1909.
To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: The Board of Public Works, in accordance with the provisions of Ordinance No. 924 (New Series), of your Honorable Board, approved October 26, 1909, herewith transmits the plans and estimates prepared by the City Engineer for a "Municipal Water Supply for the City and County of San Francisco". These plans and estimates were approved by the Board of Public Works by Resolution No. 839 (New Series), passed November 11, 1909.

Respectfully,

BOARD OF PUBLIC WORKS.

GEARY STREET MUNICIPAL RAILROAD.

The following Communication was received, read, ordered entered at large in the Journal and referred to the *Public Utilities Committee*:

Communication From the Board of Public Works Transmitting Plans and Estimates Prepared by City Engineer for Geary Street Railroad.

Office of

Department of Public Works.

San Francisco, November 12, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: The Board of Public Works, in accordance with the provisions of Ordinance No. 923 (New Series), of your Honorable Board, approved October 26, 1909, herewith transmits plans and estimates prepared by the City Engineer for street railways on Geary street, Point Lobos avenue, Cliff avenue, Tenth avenue and Market street. These plans and estimates were approved by the Board of Public Works by Resolution No. 838 (Second Series), passed November 11, 1909.

Respectfully,

BOARD OF PUBLIC WORKS.

By ROBT. J. LOUGHERY, Secretary.

Office of Bureau of Engineering

Department of Public Works.

San Francisco, November 11, 1909.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: In accordance with Ordinance No. 923 (New Series), transmitted by you on the 27th ult., I transmit herewith plans and estimates for the construction of the Geary Street Railroad from Kearny street westerly on Geary street to Point Lobos avenue; thence on Point Lobos avenue to Cliff avenue; thence on Cliff avenue to the terminal near the Ocean Beach; also, for a branch from the intersection of Point Lobos avenue and Tenth avenue, to Golden Gate Park;

also, for a railroad extending down Market street to the ferry, to be operated in connection with the above.

These estimates are based on the reconstruction of the existing roadbed on Geary street and Point Lobos avenue, and the construction of the other portions of the work on the highest type of roadbed construction and equipment. They are sufficient to construct that portion from Geary street to Presidio avenue as an underground conduit system, or to adopt the overhead trolley system should that be deemed advisable.

The plans and estimates are also sufficiently flexible to permit of the utilization of all or any part of the existing tracks, etc., should this use be found practicable and desirable, and the use of lighter cars than those estimated upon.

PLANS.

Plans are submitted in two (2) sheets, entitled respectively:

PLAN FOR STREET RAILWAYS

City Engineer.

ESTIMATES.

For the conversion of Geary street cable railroad system on Geary street, between the westerly line of Kearny street and the westerly line of Presidio avenue, a distance of two and three hundred and eighty-four thousands (2,384) miles, into a standard gauge, double-tracked (11 ft. ½ in. centers) electric railroad; the conversion of Geary Street Railroad on Point

Lobos avenue, between the westerly line of Presidio avenue and Fifth avenue, a distance of nine hundred and fifty-two thousandths (.952) miles, to a standard gauge, double-tracked electric railroad; for the construction of a standard gauge, double-tracked electric railroad on Point Lobos avenue and Cliff avenue, from the center line of Fifth avenue to a westerly terminus near the Cliff House; for the construction of a double-tracked electric railroad on Tenth avenue from the center line of Point Lobos avenue to the northerly line of Fulton street, a distance of three and two hundred and seventy-four thousandths (3.274) miles; the necessary power stations, car houses, sub-stations and equipments, etc., rolling stock, consisting of forty (40) cars; real estate, contingencies, etc. \$1,900,000.00

For the construction of twenty-six hundredths (.26) miles of standard gauge, double-tracked electric railroad, from the west line of Kearny street on Geary street, the necessary special track construction and installation of eight hundred and thirty-five thousandths (.835) miles of overhead construction, complete; independent power lines from the northerly line of Kearny street on Geary street to and including the loop on East street and one-half the estimated cost of existing tracks on Market street to be utilized under legal provisions; feeder ducts, contingencies, etc., etc. 120,000.00

Total \$2,020,000.00

Respectfully submitted,

MARSDEN MANSON,
City Engineer.

Report of Public Utilities Committee on
Bond Issue Matters.

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen:—Your Committee on Public Utilities, charged with the matter of securing the acquisition of

a water supply and street railroads herewith presents the following:

A Bill reciting that the plans and estimates of cost for the acquisition of water supply is too great to be paid out of the annual revenue, and declaring that the incurring of a bonded indebtedness is necessary.

2. A Bill calling a special election to be held December 28th, for the purpose of submitting the question of the acquisition of the water supply and works to the voters.

3. A Bill reciting that the cost of the acquisition and construction of street railways on Geary, Market and other streets is too great to be paid out of the annual revenue and declaring that a bonded indebtedness is necessary therefor.

4. A Bill calling a special election for December 30th, for the purpose of submitting to the voters the question of incurring a bonded indebtedness for the purpose of acquiring street railways upon Geary and Market streets.

5. Resolution requesting the Board of Election Commissioners to maintain the same boundaries of election precincts as were in effect at the last general municipal election.

We respectfully recommend the passage and adoption of the foregoing Bills and Resolution.

Respectfully submitted,

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN.

Public Utilities Committee.

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

Supervisor Johnston submitted the following Resolution and moved its adoption:

Rejecting Offers to Sell Systems of Water Supply and Works.

Whereas, The Board of Supervisors of the City and County of San Francisco did by Resolution No. 4618 (New Series) solicit offers from the owner or owners of any existing public utility, to-wit, a system of water supply and works for supplying water to the City and County of San Francisco and its inhabitants, or any portion thereof; and

Whereas, Communications have been filed with this Board from the Spring Valley Water Company and from W. H. H. Hart, each of said communications purporting to contain an offer to sell to said City and County the said described public utility; and

Whereas Each of said purported offers has been given full and careful consideration by this Board of Supervisors and by the individual members thereof; now, therefore,

Resolved, That this Board of Super-

visors does hereby determine that by the acceptance of said purported offers or any or either of them the electors of the City and County of San Francisco would not have the benefit of acquiring such a public utility as is described in the aforesaid Resolution No. 4618 (New Series); and

Resolved Further, That the aforesaid purported offers and each and all of them are hereby rejected.

Debate on Question.

Supervisor D'Ancona: It seems to me that this is a precipitate action to take. I was very much impressed by what was said by Judge Lindley and your Honor at the conference on Saturday last but nevertheless we have what is on the face of it an apparent compliance with the request of the Board of Supervisors by Ordinance. I am free to say that I am not sure that what the Spring Valley Water Company offers the City should accept but nevertheless the City has called for bids for a public utility of this nature and this is the only company which is maintaining such an utility. It has not been referred to a committee or to the official counselor of the Board. It seems to me we ought not to say in this offhand way that the offer should be rejected. When we do have an utility of this kind, we certainly must have a distributing system within the City, and we must have city reservoirs. Now it may be that we do not want the distributing system of the Spring Valley Water Company, but they are offering that, and it seems to me that something more than an offhand consideration is warranted by the conditions. Certainly I think we should have the opinion of the legal adviser. I do not know that the distributing system is of any value to the City, but I do know that the city reservoirs are of value to the city and that Lake Merced is of value to the city. Lake Merced certainly is a valuable asset to San Francisco in case we are ever threatened with a water famine. Lake Merced is of incalculable value in case any break occurs in the system. It seems to me that we should be very short-sighted if we did not contract for Lake Merced. If it is to be abandoned as a source of domestic supply, it should be retained for its scenic beauty. To say that we won't consider the city reservoirs, to say that we won't consider Lake Merced, is to treat a very important matter in a light way.

Motion to Amend.

Supervisor McAllister: I feel like Supervisor D'Ancona in this matter and would suggest that the resolution be amended by eliminating the word

"rejected" and stating that the offers will be taken under consideration.

Supervisor Pollok seconded Supervisor McAllister's amendment.

Debate Resumed.

Supervisor Connolly asked that the next Resolution on the Calendar relating to appointment of a Committee to confer with the officials of the Spring Valley Water Company be read, and the Mayor instructed the Clerk to so do.

Supervisor Connolly: I do not consider that Resolution is quite specific. I think it should specify that the Spring Valley Water Company has submitted an offer to sell its distributing system for \$19,420,750, and otherwise to submit to arbitration. Opinions may vary as to whether the Spring Valley Water Company has made the offer in good faith, but I think we are justified in assuming that it is made in good faith. Therefore let us appoint this Committee to treat with the Spring Valley Water Company on the terms submitted by it.

Mr. Connolly then went on to speak of the offer of the Spring Valley Water Company and its rejection by the Board, the contradictory character of the two Resolutions and also the proposed bond election.

Supervisor Johnston: I understand that Mr. Connolly is speaking upon a thing which is not before the Board.

Supervisor D'Ancona: What else can the Board do? In No. 192 (referring to the item on the Calendar of Proceedings) you consider the offers and reject them and in No. 193 you appoint a committee to consider them.

Supervisor Johnston: I do not think that is a correct statement on the part of Supervisor D'Ancona. You send a committee from this Board and from the Law Department of the city to interview and negotiate with the officials of the Spring Valley Water Company to take up a new method for the offer of its properties and possibly get an offer which may be acceptable to the city. The Committee that took up the matter of the drawing of this Resolution with the law officers of the city thought it would be entirely satisfactory to the members of the Board. The Resolution was drawn in the City Attorney's office and had the approval of the City Attorney and of those of his assistants who have been during their terms of office in close touch with matters in the City Attorney's office connected with the water question. It was approved by Mr. Mason, who is an ordinance expert, and I think the lawyers in the city will agree as to his ability in framing an ordinance, and had the approval of his Honor the Mayor. It seems to me that a Resolution so drawn and so OK'd

ought to be satisfactory to the members of the Board who are not attorneys. The matter certainly has been considered by the Board and by the members of the Board, and I say for myself that I have considered it, and I think the Resolution of rejection is the action that ought to be taken by the Board. It is true that there has not been much time spent on it, but that is not the fault of the Board, as the offer was only filed on Friday, the 12th, and was followed on the next day by the details of the items making up the nineteen million dollar offer. I studied over the whole

matter Saturday afternoon, Saturday night and yesterday again, and I can say that I have given it thorough consideration. I have taken the trouble to compare the company's list of properties with the estimates made by Mr. Hermann Schussler, the then Chief Engineer of the Company, and my Mr. Grunsky, the then City Engineer, at the time of the taking of the testimony in the water rate suits, and if it is in order I would like to have the estimates made by Mr. Schussler and by Mr. Grunsky put into the record.

Mayor Taylor: Let them go into the record, the chair hearing no objection.

Debate Resumed.

Supervisor Johnston: On Friday afternoon after the offer from the Spring Valley Water Company came in, I took home with me a copy of the Municipal Reports for 1900-01 and was interested in finding what Mr. Grumsky our then City Engineer, had to say about Lake Merced. These two paragraphs struck me as being quite important, and I will read them:

"The proximity of Lake Merced to the populous districts, Ocean View, in San Francisco, and Colma, in San Mateo County, from which localities surface drainage is toward the lake, subjects the lake water to a danger of pollution that will probably always

keep the lake among the least popular sources of supply, no matter how carefully pollution may be guarded against. * * * Until works for the further protection of the North Lake have been carried out the water there stored is to be regarded as a reserve supply, not to be drawn upon except in case of an emergency."

I do not want to say that that statement of the then City Engineer ought to be decisive, but as it has been made it certainly is an element in considering whether or not it is advisable to accept the offer of the Spring Valley Water Co., aside from the advice given us that it would not come within the purview of the ordinance. It seems to me that the Resolution, No. 192 on the

Calendar, ought to be adopted as presented. The law officers of the city have drawn up this Ordinance, and approved and OK'd as it is, it is certainly preferable to the one hurriedly drawn by Supervisor McAllister, and I think his amendment should be voted down.

Supervisor Pollok: May I ask, Mr. Manson, what value Lake Merced would be to the city as an emergency storage, and also whether the city is getting 3,000,000 to 5,000,000 gallons from that lake today?

Mr. Manson: What was the first question?

Supervisor Pollok: Could you duplicate Lake Merced on the peninsula?

Mr. Manson: I could not and I would not want to. It is subject to pollution. It should be held as an emergency in case of a dire necessity. It has for a long time been difficult to keep it pure. Every possible effort is being made to keep it pure. I have seen the drainage lines leading into it quite polluted. Some chickens died there—I do not know from what cause. I do not think it should be used except in case of dire necessity.

Mayor Taylor: The amendment of Supervisor McAllister is to strike out so much of the resolution as rejects the offers and to substitute therefor that the Board will take them into consideration. I don't think any lawyer on earth could say that the offers of the Spring Valley Water Company are of any value whatever.

Supervisor Pollok: I know one who believes them legal.

Mayor Taylor: I don't think they have any legal value. The Chair ventures that much.

Supervisor Pollok: Question.

Motion to Amend Lost.

Whereupon, the question being taken on Supervisor McAllister's motion, the same was lost by the following vote:

Ayes—Supervisors Balcom, Bancroft, D'Ancona, McAllister, Pollok—5.

Noes—Supervisors Booth, Broderick, Comte, Connolly, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Sanderson—12.

Absent—Supervisor Center—1.

Resolution Adopted.

Thereupon, the foregoing Resolution was adopted as Resolution No 4793 (New Series), by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Sanderson—16.

No—Supervisor Pollok—1.

Appointment of Committee to Negotiate Purchase of Plant of Spring Valley Water Company at a Price to Be Fixed by Arbitration or Otherwise.

Thereupon, Supervisor Johnston in-

troduced the following Resolution:

Resolved, That Thomas Jennings and James A. Johnston, members of this Board, and Percy V. Long, City Attorney, be and they are hereby appointed a Committee to conduct negotiations with the Spring Valley Water Company, and to report to this Board the result of such negotiations.

Debate on Question.

Supervisor Pollok: What can they do?

Supervisor Murphy: If we pass this resolution we contradict our former resolution and re-vitalize it. If we appoint this committee independently without reference to the offer that has been rejected, we should proceed along legal lines:

Supervisor Pollok: We have refused the offer of the Spring Valley Water Company; at the same time we authorize these men to enter into negotiations with them.

Amendment.

Supervisor Connolly: We have rejected the offer of the Spring Valley Water Company because we are advised that it is not a reply to our former ordinance, but we have not thrown aside the good-will which the Spring Valley Water Company has shown by its attempt to arbitrate. I move that the following be added to the resolution: "Looking toward the sale of the plant of the Spring Valley Water Company to the City and County of San Francisco at a price to be fixed by arbitration or in any other way." I ask that the resolution be read again.

The Clerk read the resolution and Mr. Connolly asked that his amendment be interpolated after the words "Water Company" and before the words "and to report", the words "in any other way" being changed to "otherwise".

Resolution Adopted.

Whereupon, the foregoing Resolution, amended as follows, was adopted as Resolution No. 4794 (New Series), by the following vote:

Resolved, That Thomas Jennings and James A. Johnston, members of this Board, and Percy V. Long, City Attorney, be and they are hereby appointed a committee to conduct negotiations with the Spring Valley Water Company, looking toward the sale of the plant of the Spring Valley Water Company to the City and County of San Francisco, at a price to be fixed by arbitration, or otherwise, and to report to this Board the result of such negotiations.

Passed for Printing.

The following Bill was passed for printing:

Declaring Necessity of Incurring Bonded Debt for Construction and Completion of Municipal Water Supply and Works.

On motion of Supervisor Johnston: Bill No. 1091, Ordinance No. — (New Series), entitled, "Reciting that plans and estimates of cost of the acquisition, construction and completion of a public utility, to wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of water for all purposes, have been filed with the Board of Supervisors by the Board of Public Works; and declaring that the estimated most thereof cannot be paid from the annual revenue or other funds derived from taxes levied for that purpose, but that all of said estimated cost will require the incurring of a bonded debt. This ordinance is the second of a series of Ordinances to be adopted by the Board of Supervisors relating to and designed to secure the acquisition, construction and completion of the public utility herein named."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—17.

Absent—Supervisor Center—1.

Calling and Providing for Special Election for Purpose of Submitting to Electors Proposition to Incur Bonded Debt for Construction and Completion of Municipal Water Supply and Works.

Supervisor Johnston introduced the following entitled Bill and moved its passage for printing:

Bill No. 1092, Ordinance No. — (New Series), "Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 28th day of December, 1909, for the purpose of submitting to the electors of said City and County the following, to wit: A proposition to incur a bonded debt of the City and County of San Francisco to the amount of forty-five million dollars for the purpose of the acquisition, construction and completion of a public utility, to wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of good, pure water for all purposes, the sources of such supply to be Lake Eleanor, the waters of the Tuolumne River and its tributaries in Tuolumne County, California. This Ordinance is the third of a series of Ordinances to be adopted by the Board of Super-

visors relating to and designed to secure the acquisition, construction and completion of the public utility herein named."

Debate on Question.

Supervisor D'Ancona: Before I vote I would like to ask the Chairman of the Public Utilities Committee a question. I understand that it leaves out the Hetch Hetchy portion of the project.

Supervisor Johnston: It leaves out of the Ordinance mention of the name "Hetch Hetchy", that is all. The Ordinance is framed by the law officers of the city in order to comply strictly with the terms of the grant under which we get this source of supply. You will remember last year that, after being granted permits by the Secretary of the Interior to Hetch Hetchy and Lake Eleanor reservoir sites, the Board of Supervisors called a special election, one of the objects of which was that the voters should ratify by their votes that agreement entered into between the Board of Supervisors and the Secretary of the Interior. I take it you will agree that information concerning that agreement was very generally spread and that the terms of the agreement were very generally understood. The voters ratified the proposition in all its clauses by a vote of 6 or 7 to 1. This Ordinance we have before us asks the people for a bond issue of \$45,000,000 for the building of the system, the Lake Eleanor dam site included. The word "Hetch Hetchy" being omitted because we cannot build that dam until we have first developed the possibilities of Lake Eleanor. That having been done the officers of San Francisco can then build the dam site at Hetch Hetchy. The waters at Hetch Hetchy will be used if this authorization is given, but it will not be used as a storage site.

Privilege of Floor.

Mr. Charles Wesley Reed: Gentlemen—

Supervisor Connolly: I move that the gentleman be given the privilege of the floor.

So ordered.

Mr. Reed: I come here as a citizen of San Francisco to urge upon you that it is a mistake in judgment to leave out the Hetch Hetchy proposition.

Mayor Taylor: The Hetch Hetchy proposition is not left out, Mr. Reed.

Mr. Reed: That is merely a question of words. The City Engineer has studiously avoided putting in the cost of the Hetch Hetchy dam, as we are not entitled under the terms of the grant to the rights to the water. I think as a matter of vote-getting this is a mistake. I think we ought to vote upon the whole proposition at one time. If it had been included in a former elec-

tion it could now come before the Board as a public utility. I have here some notes which I will read:

"I respectfully urge the Board of Supervisors to include the cost of the Hetch Hetchy dam in the proposed water supply bond issue, because—

"First: Its omission will cost votes at the election. The enemies of the project will say that we have abandoned our most important source of supply. Our friends will be confounded by being told that all this palaver about Hetch Hetchy means nothing, because we do not propose to use the waters of Hetch Hetchy anyhow, inasmuch as it has been carefully omitted from the bond issue. The proponents of the bond issue will be continually on the defensive, and explaining. The French say 'He who excuses himself accuses himself'.

"Second: Garfield's permission required that the waters of Lake Eleanor must be developed first. It does not require that all mention of the Hetch Hetchy project shall be omitted from the bond issue.

"Third: Before this matter is concluded there will be many other Secretaries of the Interior. It is not inconceivable that permission to build the dam at Hetch Hetchy will be given by some Secretary of the Interior as friendly to us as was President Roosevelt himself, if we should be in a position to begin work immediately, especially as the needs of 'adjacent cities' to San Francisco (specially mentioned in the Garfield permit) may require an earlier construction than the mere needs of San Francisco may dictate. In fact the common interests of San Francisco, Oakland, Berkeley and Alameda in a Sierra water supply will probably result in joining these cities in one municipality, to be known as Greater San Francisco.

"Fourth: It is taking two bites at a cherry. A new election will be necessary, and that cost ought to be saved. If the Board had submitted this whole question to the people last year, there would now be nothing before this Board to consider but the speedy construction of the works.

"In conclusion, I want to say that the most important consideration is, that the omission of the Hetch Hetchy dam from the bond issue will cost votes, and may defeat the whole project. This is too important a matter to be hazarded by any mistake in judgment. As long as the money to construct the Hetch Hetchy dam has not been authorized, so long will our enemies in Congress fight us; the Sierra Club will keep up its campaign, the Spring Valley will not be face to face with defeat and the city's rights will not become vested in something

more tangible than a revocable permit.

"To say that the Hetch Hetchy dam is not included in the Garfield permit is to quibble. To say that we cannot put it in the bond issue is to speak idly.

"When we go on the stump next month we will be confronted by the fact that we have not added an extra million for the dam site at Hetch Hetchy."

Supervisor D'Ancona: Does the proposed issue include the entire cost of construction except the dam in Hetch Hetchy?

Mr. Manson: The plans at present presented provide for the development and distribution in the streets of San Francisco, through a very elaborate system of pipes, 60 million gallons of water per day. The major portion of that consumption will come from the Hetch Hetchy. During six or more months of an average year the greater portion of that water will come directly from the Hetch Hetchy. We do not provide for the construction of a dam to utilize that reservoir, but the water comes through that valley from the river. We do not get any water whatever from the valley; it comes from the river. It is not considered necessary at this time to estimate on the construction of a dam, which would unquestionably be necessary in case the other municipalities joined us. The time when we will require it as a separate municipality will probably be thirty years hence. You will still receive each calendar year more than half of your water from the Tuolumne River.

Supervisor Johnston: Mr. Chairman, I quite agree with Mr. Reed that opponents of the Sierra water project are liable to say a good many things about this omission and hold it up as one of the reasons that it should not be voted for. It is a matter of regret that a friend of this project, like Mr. Reed is, should place any such a construction upon it. Being honest about it, I am satisfied that we can explain it very satisfactorily. I think it would be more honorable to the Board not to include it when it should not be under the terms of the grant. In regard to what Mr. Reed terms "idle" as to the dam site not being included in the Garfield grant, what was said was that the strict interpretation of that grant was that the dam site could not be constructed before first developing the waters of Lake Eleanor. I undertake to say that no real friend of San Francisco in getting a Sierra water supply will vote against the bonds because we, in the true interest of the project, follow the law in complying strictly with the terms of the grant.

Supervisor Connolly: I hope that the Chair will explain to such members of the Board as were not present at the conference on Saturday last, or such citizens as are present here, some of the reasons that cause the Chair at that meeting to leave the words "Hetch Hetchy" out of the Ordinance.

Mayor Taylor: All the Chair would have to say about that is that the present Secretary of the Interior is very urgent that we shall hew straight to the line of the Garfield grant and develop Lake Eleanor first and not couple it with Hetch Hetchy until we have used the Lake Eleanor supply. It would be a great mistake of judgment if we antagonize the Secretary of the Interior by putting the storage of water in the Hetch Hetchy Valley prominently before the people when under the terms of the grant we are bound to use the Lake Eleanor supply first. We do not want at present to build a dam across the Hetch Hetchy Valley. It will be years and years before we shall require it. It would be the absurdity of absurdities to ask Mr. Manson, or any civil engineer, to undertake to estimate what a dam to be built 20 years hence would cost. The proceedings now are precisely the same as they have been from the beginning, and it would be a very serious legal mistake for us to change these now, and I beg to say, with Supervisor Johnston, that no real friend of San Francisco in getting a Sierra water supply will antagonize us simply because we are following the law in every possible way.

Supervisor Murdock: I am not a lawyer, but I do wish to protest against this trying to catch votes. It don't pay.

Supervisor Pollok: Will this system have a capacity of sixty million gallons a day?

Mr. Manson: That will be its capacity.

Supervisor Pollok: Then it is the Mayor's opinion and yours that it will do for the city for twenty years?

Mr. Manson: Precisely. I see no immediate prospect of duplicating the consumption.

Mayor Taylor: Spring Valley is not going to dry up.

Supervisor Pollok: I thought we eliminated them.

Mayor Taylor: When we have exhausted Lake Eleanor, and when we find it is not sufficient, then under the Garfield grant we can extend to Hetch Hetchy as well.

Supervisor Pollok: I did not intend to speak at all, but as Mr. Reed has brought up the matter I will do so, although Mr. Reed and I differ in our views very materially. I have here a few notes which I will read:

"In my opinion this is the most im-

portant matter that has come before this Board.

"I have given the subject very careful consideration and desire to place on record my views regarding it. About a year ago, a proposition was submitted to the people whether they desired to acquire a water supply, the sources of which were Lake Eleanor and Hetch Hetchy Valley. It was represented to the voters at that time that that utility could be completed for \$43,000,000. Under the inspiration of this Board, literature was actively circulated, in which that representation was made. We have already authorized a bond issue of \$600,000, and have spent out of the current revenue about \$150,000, making in the aggregate \$750,000. The plans and estimates for the public utility, the acquisition of which is now about to be submitted to the people, show that the cost will be \$45,000,000. This does not include Hetch Hetchy Valley, nor any work in connection with the Hetch Hetchy reservoir. So far as the present proposition is concerned, Hetch Hetchy is entirely eliminated. This can no longer be called the Hetch Hetchy plan or system. The proposal now is to submit to the people the acquisition of a water supply, and the representation is made that it can be acquired for \$45,000,000.

"Mr. Manson was quoted by the public press as stating, the other night at the Commonwealth Club, that it would take ten years to complete the system.

"There is no item in the present estimate of cost for interest during construction. We propose to issue bonds that will pay $4\frac{1}{2}$ per cent per annum. Every business man knows that if money is worth $4\frac{1}{2}$ per cent per annum, and it will require ten years to complete this system, there should be included interest for five years, that is to say: The average interest on the whole \$45,000,000 for ten years is equivalent to full interest for five years. Five years' interest at $4\frac{1}{2}$ per cent is $22\frac{1}{2}$, and $22\frac{1}{2}$ per cent of \$45,000,000 is \$10,125,000. No business man will for a moment deny the propriety of including this item of interest in the estimate of cost.

"Adding \$10,125,000 to the \$45,000,000, the amount of Mr. Manson's estimate, and adding to that \$750,000, already expended or authorized, gives a total of \$55,825,000. It is impossible to escape the conclusion that this will represent the minimum cost, if Mr. Manson's figures are correct, of a public utility, which will only include Lake Eleanor, and which will exclude Hetch Hetchy.

"I would like to ask the members of the Board, and particularly the members of the Public Utilities Committee, by what authority they omit anything for interest during construction and represent to the people that the cost of this utility will be only \$45,000,000. It seems to me that it is so apparent from a casual inspection of the estimates of Mr. Manson, taken in connection with the fact, which has been so frequently stated, that at least ten years will be required to complete the plant, that it is misleading and unwarranted to omit a charge for interest during construction, and that such omission is unfair to the taxpayers.

"It will be very easy after this construction is commenced and the \$45,000,000 expended and the plant still uncompleted to say we have gone so far and we shall be compelled to expend the additional money necessary to complete the system; but candor and good faith require that we should tell the taxpayers in advance that the item for interest during construction has been omitted, and that such item will really constitute part of the cost.

"We have heretofore represented to the people that the expenditure of \$43,000,000 would provide them with the Hetch Hetchy system, and it seems to me that candor requires that they should now be advised that the \$45,000,000, which is intended to be expended for this utility, does not include the acquisition of the Hetch Hetchy reservoir.

"It is represented that from Lake Eleanor we can obtain a supply of 60,000,000 gallons per day. I have always had the impression that Messrs. Fitzgerald and Marx, who were employed as engineers by the City to advise with reference to this subject, stated that the data available regarding the water supply from Lake Eleanor was not sufficient to enable them to determine what quantity could safely be relied upon from that source. If there is any additional information upon that subject, this Board has never been advised of it.

"The expenditure of \$45,000,000—indeed, as I have shown it will be \$56,000,000 at least before we are through, is a very serious matter, and it seems to me that before the Board votes to submit such a proposition to the people—because its submission to the people carries with it an approval by the Board—we should have positive information upon that subject. So far as I am concerned, I have no such information. For both of these reasons I am opposed to the proposed ordinance."

Supervisor Johnston: Will you file that?

Supervisor Pollok: Yes, thank you.

Passed for Printing.

City Engineer to Make Surveys and Maps of Subdivisions of San Miguel Rancho.

On motion of Supervisor Pollok:
Resolution No. 4796 (New Series), as follows:

Resolved, That the City Engineer be and is hereby instructed and directed to make the necessary surveys and to make and transmit to the Board of Supervisors an official Map or Maps of F. L. A. Pioche and L. L. Robinson's Subdivision of a part of San Miguel Rancho in the City and County of San Francisco, State of California, under and pursuant to the provisions of an Act of the Legislature of the State of California, entitled "An Act to amend the Political Code by adding a new section thereto, to be numbered 3658a, relating to official maps, the making, adoption and preservation thereof and the description of property, as delineated thereon for the purpose of as-

sessments and transfers," approved March 25, 1905, (Statutes 1903, page 408), to wit:

F. L. A. Pioche and L. L. Robinson's Subdivision of a part of San Miguel Rancho, in the City and County of San Francisco.

Situated and lying westerly from Eureka street and southerly from Seventeenth street and in accordance with a map recorded in the Hall of Records by John Middleton and Son, March 30th, 1867, at 57 minutes past 9 o'clock a. m. under the title of "Subdivision of a Part of San Miguel Rancho, City and County of San Francisco, California."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—17.

Action Deferred.

The following Resolution laid over from a previous meeting was taken up and again *laid over one week*:

City Not to Oppose U. S. Government in Matter of Condemnation of Certain Land on Great Highway.

Whereas, The Board of Park Commissioners of the City and County of San Francisco, advised the Board of Supervisors, under date of October 9, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway, lying between "I" and "J" streets as indicated on a plat filed with the Board of Park Commissioners and marked "For Searchlights Nos. 1 and 2" thereon; and

Whereas Said Board of Park Commissioners also advised the Board of Supervisors, under date of November 1, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway lying between "H" and "I" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Fire Control Structures" thereon; now therefore

Resolved, That the City and County of San Francisco will not oppose the consent of the United States Government in these actions, it being deemed by this Board that the purpose for which the lands are sought to be condemned will be of a higher use than at present.

The attention of the City Attorney is hereby called to the provisions of this Resolution.

Over and along Market street, from Geary street to East street, and East street to the Ferry Building, and declaring that such estimated cost cannot be paid from the annual revenue, or from funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt for the purpose of such construction and completion.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Connolly, D'Ancona, Hocks, Jennings, Johnston, McLeran, Murphy, Payot, Sanderson—14.

Noes—Supervisors Comite, McAllister, Murdock, Pollok—4.

Calling and Providing for Special Election for Purpose of Submitting Proposition to Bond City for the Purpose of Constructing and Completing Geary Street Municipal Railroad.

The following Bill heretofore passed for printing was taken up:

Bill No. 1094, Ordinance No. — (New Series), entitled, "Calling and providing for a special election to be held in the City and County of San Francisco, on the 30th day of December, 1909, for the purpose of submitting to the electors of said City and County two propositions, viz: (1) to incur a bonded indebtedness by said City and County of one million nine hundred thousand dollars for the construction by the City and County of San Francisco of a street railway over, upon and along Geary street, from Market street to Point Lobos avenue, Point Lobos avenue, from Geary street to Cliff avenue, Cliff avenue, from Point Lobos avenue to a convenient terminal near the ocean; Tenth avenue, from Point Lobos avenue to Golden Gate Park; (2) to incur a bonded indebtedness by said City and County of one hundred and twenty thousand dollars for the construction of a street railway over and along Market street, from Geary street to East street, and upon East street to the Ferry Building."

Privilege of the Floor.

Edgar Peirotto, representing the Downtown Association, was granted the privilege of the floor and addressed the Board objecting to the passage of the Bill, stating that a postal card

ballot was taken among the members of the association and that the project was voted down by a vote of 51 to 22.

Final Passage.

Whereupon, the question being taken the foregoing Bill was finally passed as Ordinance No. 964 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Connolly, Hocks, Jennings, Johnston, McLeran, Murphy, Payot, Sanderson—12.

Noes—Supervisors Balcom, Comite, D'Ancona, McAllister, Murdock, Pollok—6.

Explanation of Votes.

Supervisor D'Ancona stated that he intended to vote against the proposition in its present form. He objected principally to the last clause of the Bill providing for the extension down Market street from Geary street to the Ferry, declaring that the City's right to run cars on said street, upon which franchises had already been granted by previous Boards of Supervisors, was not clearly established.

Supervisor Murdock also stated that he intended to vote against the proposition from what he called a practical point of view. He declared that in view of the greater necessity of a municipal water supply, and that the city had almost reached the limit of its bonding capacity, he would not do anything that would increase the burden.

Final Passage.

The following matters heretofore passed for printing were taken up, finally passed by the following vote and numbered as follows, to wit:

Passed for Printing.

The following matters were *passed for printing*:

Ordering Sewer Work.

On motion of Supervisor Center:

Bill No. 1106, Ordinance No. — (New Series), entitled, "Ordering the construction of sewers and appurtenances in the Yerba Buena District, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of six hundred thousand (\$600,000) dollars, payable out of the proceeds of sale of Sewer Bonds, Issue of 1908."

Also, Bill No. 1107, Ordinance No. — (New Series), entitled, "Ordering the construction of an addition to the new sewers and appurtenances in Greenwich street, between Gough and Octavia streets, and in Gough street, between Filbert and Greenwich streets, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of five hundred and ten (\$510) dollars, payable out of the proceeds of sale of Sewer Bonds, Issue of 1908."

Abolishing Sidewalk Widths, Mersey Alley.

Also, Bill No. 1108, Ordinance No. — (New Series), entitled, "Amending Ordinance No. 1061, entitled, 'Regulating the width of sidewalks,' approved December 18, 1903, by adding thereto a new section to be numbered Three hundred and twenty-three, the provisions of which abolish sidewalk widths on Mersey Alley."

Spur Track Permit, Western Pacific Railway Co.

Also, Bill No. 1109, Ordinance No. — (New Series), entitled, "Granting permission, revocable at will of Board of Supervisors, to Western Pacific Railway Company, a railroad corporation, to construct, maintain and operate certain spur tracks in the City and County of San Francisco, State of California."

Full Acceptance, Crossing of Twelfth Avenue and California Street.

Extension of Time, Sewer Work.

Also, Resolution No. — (New Series), Granting G. W. McGinn & Co. an extension of thirty days' time, from and after November 26, 1909, within which to complete the construction of sewers and appurtenances in Greenwich street, between Gough and Octavia streets, and in Gough street, between Filbert and Greenwich streets.

This extension of time is granted for the reason that work has been delayed by the City Engineer's office, because of the existence of an old brick sewer along the line of the new sewer.

Action Deferred.

The following Resolution, laid over from last meeting, was taken up and on motion again laid over one week:

City Not to Oppose U. S. Government in Matter of Condemnation of Certain Land on Great Highway.

Whereas, The Board of Park Commissioners of the City and County of San Francisco, advised the Board of Supervisors, under date of October 9, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway, lying between "I" and "J" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Searchlights Nos. 1 and 2" thereon; and

Whereas, Said Board of Park Commissioners also advised the Board of Supervisors, under date of November 1, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway lying between "H" and "I" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Fire Control Structures" thereon; now therefore

Resolved, That the City and County of San Francisco will not oppose the consent of the United States Government in these actions, it being deemed by this Board that the purpose for which the lands are sought to be condemned will be of a higher use than at present,

The attention of the City Attorney is hereby called to the provisions of this Resolution.

Passed for Printing.

The following Resolution was passed for printing:

Oil Permit.

On motion of Supervisor Broderick: Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to the estate of Mary A. Caffney to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate at No. 376 Sutter street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Stable Permits.

Supervisor Payot introduced the following:

Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, and in accordance with Ordinance No. 345 (New Series), to the following named to maintain stables, to wit:

C. Demetrak, south side of Clay street, 75 feet east of Drumm street, one hundred horses.

G. Campagna, No. 3238 Folsom street, one horse.

S. S. Saalburg, east line of Forty-seventh avenue, 125 feet south of "H" street, four horses.

E. E. Granger, No. 598 Athens street, one horse.

G. Cavaglieri, west of side San Bruno avenue, 175 feet north of Eighteenth street, two horses.

Tony Caruso, No. 3220 Folsom street, four horses.

Privilege of the Floor.

A. J. Harward, representing the Donahue Estate and others, was granted the privilege of the floor and objected to the granting of a stable permit on the south side of Clay street, east of Drumm, stating that his clients were about to make valuable improvements in the vicinity of proposed stable and the granting of the permit would depreciate the value of their holdings.

W. Stern also addressed the Board, objecting to the granting of a permit for a stable at said location, declaring that there was plenty other places in the immediate vicinity more suitable for a stable than the present proposed site where buildings of a superior class were being constructed.

Passed for Printing.

Whereupon, the question being taken, the foregoing Resolution was *passed for printing* by the following vote:

Providing for Issuance of Check upon Stoppage of Street Cars Entitling Passenger to Free Ride at any Time within Five Days.

The following Bill, heretofore introduced by Supervisor Murphy and referred to the Public Utilities Committee and returned by said Committee with the recommendation that same be passed for printing, was taken up:

Bill No. 781, Ordinance No. — (New Series), entitled, "Requiring the

conductor, motorman, or other person in charge of any street railroad car to issue to any passenger demanding it, a check or ticket entitling said passenger to transportation in cases of stoppage or delay of car, at any time within five days from the time of its issuance.

Privilege of the Floor.

Wm. Cannon, representing the United Railroads, was granted the privilege of the floor, and addressed the Board, objecting to the passage of the Bill, declaring it an innovation and entirely too drastic. He stated that a passenger who might arrive within a half a block of his destination might receive such a check and use it the next day to go in the opposite direction. This he maintained was unfair to the company.

Motion.

Supervisor Comte moved the reference of the Bill to the City Attorney for his opinion as to its validity.

Recommended.

The following Resolution, laid over from last meeting, was taken up and on motion recommitted to the Street Committee:

City Not to Oppose U. S. Government in Matter of Condemnation of Certain Land on Great Highway.

Whereas, The Board of Park Commissioners of the City and County of San Francisco, advised the Board of Supervisors, under date of October 9, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway, lying between "I" and "J" streets as indicated on a plat filed with the Board of Park Commissioners and marked "For Searchlights Nos. 1 and 2" thereon; and

Whereas, Said Board of Park Commissioners also advised the Board of Supervisors, under date of November 1, 1909, that the United States Government seeks to condemn a certain portion of the Great Highway lying between "H" and "I" streets, as indicated on a plat filed with the Board of Park Commissioners and marked "For Fire Control Structures" thereon; now therefore

Resolved, That the City and County of San Francisco will not oppose the consent of the United States Govern-

ment in these actions, it being deemed by this Board that the purpose for which the lands are sought to be condemned will be of a higher use than at present.

The attention of the City Attorney is hereby called to the provisions of this Resolution.

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

Supervisor Johnston presented the following:

Offer of Spring Valley Water Company to Sell Entire Physical Property of Said Company, Free of Debt, for \$35,000,000.

Office of the President.

Executive Department Spring Valley Water Company, 375 Sutter Street. San Francisco, Cal., Nov. 29, 1909.

To the Honorable Edward Robeson Taylor, Mayor, and the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Referring to Resolution No. 4794 (New Series) passed by your Board, to our letter of November 12, 1909, and to our letter to your Special Committee, dated November 24, 1909:

We urged upon your Committee our belief that a fair and reasonable value of the property owned by the company exceeded the sum of forty-five million dollars, and we felt that we could satisfactorily demonstrate a value exceeding forty million dollars by taking as a basis the estimate made for rate-

fixing purposes in January, 1903, by the then City Engineer, C. E. Grunsky, and adding to that estimate elements of value that were mentioned but not then determined by Mr. Grunsky, property and values not then considered by him, increases of value that have occurred since his estimate was made, and capital expenditures since 1903, and deducting therefrom the value of properties sold by the company, and a reasonable allowance for depreciation of structural parts.

The committees had several conferences, the proceedings of which are now in the hands of the official stenographer of the Board of Supervisors. The directors of the Spring Valley Water Company, as the representatives of all shareholders, feel that the policy of the company in its negotiations with the city should be one of broad but just liberality to the end that a source of interminable strife may be removed, the city protected in its water supply and the interests of all shareholders safeguarded from further depreciation.

For the above reasons, and as a result of the meetings with your committee, the directors have decided to make the City and County of San Francisco the offer contained in this communication, under authority conveyed to them at the last annual meeting the stockholders of the Spring Valley of the stockholders of the Spring Valley Water Company, held on April 14, 1900, 217,111½ shares of stock, out of a total outstanding issue of 280,000 shares, being present in person or by proxy. At that meeting the following resolution was adopted by the unanimous vote of all stock represented:

"Resolved, That all questions which may now exist, or which may hereafter arise or exist, between the City and County of San Francisco and this corporation, whether with reference to the fixing of rates for water or to the sale of the company's property, be left to the judgment and discretion of the directors of the company, in whom the stockholders hereby express entire confidence."

The offer herein made is with the proviso that if it is accepted, the city will, at the time the purchase is closed, allow the company to retain all water rates collected by it since the commencement of the water rate litigation, including the amount now impounded under order of Court, and also including any water rates which may have been earned at the time of purchase, but not then collected, and that the city will then relieve the company and its sureties from any liability upon the bonds heretofore filed in any litigation between the city and the company, and that the company be allowed to take judgment in all litigation with the

city; also, with the proviso that the city will cause itself to be substituted in the place of the company in all litigation then pending, involving the property offered, and will assume all future responsibility and expense of such litigation.

The term "physical property", as herein used, is intended to include all the assets of the company with the exception of cash, bills receivable, accounts outstanding, bonds and securities other than stocks in subsidiary companies and irrigation companies connected with the property offered. The offer is for cash or its equivalent. The offer expires January 20, 1910.

Subject to the above, and in compliance with your request, we offer;

TO SELL THE ENTIRE PHYSICAL PROPERTY OF THE COMPANY (FREE OF DEBT) FOR THE SUM OF THIRTY-FIVE MILLION DOLLARS.

THE SPRING VALLEY WATER COMPANY.

By W. B. Bourn, President.

Supplementary Offer of Spring Valley Water Company to Sell Its Plant to the City.

Office of the President.

Executive Department, Spring Valley Water Company, 375 Sutter street, San Francisco, Cal., November 29, 1909.

To the Honorable Edward Robeson Taylor, Mayor, and the Honorable, the Board of Supervisors of the City and County of San Francisco—Gentlemen:

Supplementing our offer of this date whereby the Spring Valley Water Company offers to sell the physical property of said Company to the City and County of San Francisco for thirty-five million dollars, subject to the provisos therein named, the company hereby expresses a willingness, subject to the same provisos,

First: To arbitrate the value of the property as a whole, the company to be bound by the award for a period of six months—and we recognize that it is doubtful if the City can be bound, or

Second: To sell the distributing plant within the city and county at an agreed or arbitrated price, provided a fifty-year or perpetual contract be made for water to be supplied by the Company to the city at the county line at an agreed or arbitrated price per thousand gallons; or

Third: To sell the entire physical property of the company (free of debt) excluding all the Lake Merced Ranch (excepting 500 acres including the two Merced Lakes) and also excluding such property owned by the company as is not required by the city for a water supply, for the sum of thirty-one million, five hundred thousand dollars, and, at your option, will lease the

remainder of the Lake Merced lands for the term of ten years at an annual rental of one hundred and twenty-five thousand dollars.

THE SPRING VALLEY WATER COMPANY.

President.

Communication from Jas. A. Waymire Submitting Proposition to Supply San Francisco with Water from Lake Tahoe and North Fork of the American River. San Francisco, Cal., November 29, 1909.

Hon. E. R. Taylor, Mayor of the City and County of San Francisco—Dear Sir: I send herewith a proposition to supply the City and County of San Francisco with water from Lake Tahoe and the North Fork of the American River in units of thirty million gallons of water daily at a cost to the City of only ten cents per one thousand gallons or a gross sum per annum of \$1,095,000. The distribution to be made by the City and County, and the City and County to have an option to purchase the supply and works at the end of fifty years at cost plus ten per cent profit, the cost of maintenance to be paid by my clients.

Please see that the proposition gets before the Board in time to be considered when the other propositions are submitted to the people.

Very respectfully,

JAMES A. WAYMIRE.

San Francisco, Cal., Nov. 29, 1909.

To the Honorable Board of Supervisors of the City and County of San Francisco—Gentlemen: On behalf of the owners of the water supply from Lake Tahoe and the North Fork of the American River, I hereby make the following proposition:

We will enter into a contract with the City and County of San Francisco to supply water from said sources in units of thirty million gallons daily at the rate of ten cents per one thousand gallons to be paid at the end of each month on delivery at a reservoir east of and near the City of Oakland. From that point the water to be conveyed by the City and County of San Francisco to such point or points as may be desired without cost to us. Delivery of the said water to begin within four years from the date of the contract.

By this contract the City and County will obtain a supply of the purest mountain water within the shortest possible time without any bonded indebtedness and at a cost of less than the interest on the bonds which would be necessary to pay for the construction of the Tuolumne system. The contract to run for fifty years. At the end of that time the

City can have the option to buy the water supply and works at cost plus a profit of ten per cent. We will pay the cost of maintenance.

The water can be taken from the receiving reservoir, east of Oakland, and carried by tunnel and pipes directly to the Twin Peaks in San Francisco or by pipes to Dumbarton Point and across the bay by submerged pipes to reservoirs on the west side just as the waters of Alameda Creek are now carried. In either way the cost would probably not exceed \$1,500,000. That would be paid by the City and County.

In New York City where the City owns the supply and the works, the average cost of water is twelve and one-half cents per one thousand gallons. In Los Angeles it is ten cents. It will probably be impossible for San Francisco to obtain a mountain supply as cheaply in any other way. We can afford this low price only because of the large power development which will be part of the project. This does not make it necessary for the City to abandon the Tuolumne project, but it will give ample time to secure and develop that property if deemed desirable. We can increase our supply to a sufficient quantity for a population of five million on the same terms.

We are prepared to satisfy you of our ability to carry out the said contract. Also to satisfy your attorney, as to our title and your engineers that the project is feasible.

Very respectfully,

JAMES A. WAYMIRE.

Referred to Public Utilities Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Board of Public Works to Prepare Plans and Estimates of Cost of Developing Water Supply from Lake Eleanor and Tuolumne River In Connection with the Plant of the Spring Valley Water Company.

On motion of Supervisor Johnston: Resolution No. 4862 (New Series), as follows:

Resolved, That the Board of Public Works be and it is hereby requested to procure through the City Engineer and file with this Board plans and estimates of cost by which Lake Eleanor and the Tuolumne River and its tributaries may be developed and used as a source of water supply in connection with the works and property of the Spring Valley Water Company, in the event of the purchase of such works and property by the City and County.

Addresses.

Thos. V. Cator, Election Commissioner, was granted the privilege of the floor, and addressed the Board, stating that in order to correct an erroneous impression that had been given out by the newspapers he wished to declare himself to be entirely in accord with the opinion of the City Attorney and other attorneys who had

been consulted in the matter of the holding of Special Elections for the acquisition of a municipal water supply, that the present registration would hold until the first primary election in 1910.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:40 p. m. adjourned.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors, Monday, December 6, 1909.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

Granting Stable Permit, Chas. Lennon.

The following Resolution, heretofore passed for printing, was taken up:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, be and the same is hereby granted to Charles Lennon, to construct and maintain a stable for the accommodation of sixty (60) horses at Nos. 2617-2619 Bush street, providing that said stable shall be of Class C construction, as laid down in the "Building Law," in accordance with certain stipulation filed by said Charles Lennon, October 13, 1909.

Privilege of the Floor.

H. J. Brodsky, representing protesting property owners, obtained the privilege of the floor and addressed the Board, stating that the petitioner maintained a stable in the same location prior to the fire without having obtained a permit therefor, and was urging that as a reason for the grant of a permit for the present stable, notwithstanding the fact that the old stable had been declared by the health officer to be the most insanitary in the city.

J. Galvin, representing Bush street property owners, addressed the Board, objecting to the granting of the permit for the reason that it was in violation of an ordinance of the Board of Supervisors prohibiting such business within fifty feet of any residence, church or school.

John T. Dare, attorney representing petitioner, addressed the Board, stating that Chas. Lennon was prepared to comply with all regulations imposed in the matter of the construction of his stable. He declared that no complaint had ever been made against the sanitary condition of the stable heretofore maintained by Mr. Lennon and that there was no protestant that lived within fifty feet of the proposed stable.

B. R. Christenson, representing petitioner, also addressed the Board, stating that the stable to be erected by Mr. Lennon would be of Class C construction, fireproof in every way, and would comply with all sanitary regulations. He stated that there would be no openings in the rear or sides of the building to emit offensive odors, or permit disturbing noises.

Report of City Engineer, Submitting Plans and Estimates of Cost of Developing Water Supply from Lake Eleanor and the Waters of the Tuolumne in Connection with the Works and Properties of the Spring Valley Water Company.

San Francisco, December 3, 1909.

The Honorable the Board of Public Works of the City and County of San Francisco:

Gentlemen—In compliance with Resolution No. 4862 (New Series), transmitted by you on the 30th ultimo, I submit herewith plans and estimates of the cost of developing Lake Eleanor and Tuolumne River and its tributaries, to be used as a source of water supply in connection with the works and property of the Spring Valley Water Company in the event of the purchase of such works and property by the City and County of San Francisco.

The plans and estimates for Cherry River diversion canal, Lake Eleanor dam and main canal, North Mountain Power Station, Tuolumne main canal, Bear Gulch Power Station, and the Foothill Division, as indicated on the accompanying plans, will remain on the same capacity as reported on November 11th, 1909.

The Valley Division and the Bay Division and the City receiving reservoirs and distributing system under the requirements of Resolution No. 4862 (New Series) of November 29th, 1909, are modified as follows:

The Valley Division will require only one pipe line and the reduction of the pumping capacity at Altamont, the Bay Division will require only one pipe line to the receiving reservoirs in the City, and the omission of the emergency reservoir and pumping station.

The City Division is modified to omit the elaborate system of distributing pipes and the new service reservoirs. The works and property of the Spring Valley Water Company, the purchase of which is now under consideration, will require extensions and betterments amounting to \$1,500,000 in order to be used in connection with the Lake Eleanor and Tuolumne River supply herein referred to.

Plans for this work now considered are submitted herewith in three sheets, entitled:

Communication from the City Attorney
Outlining Procedure for Holding Election on January 14, 1910, for Acquisition of Water Supply, and Submitting Opinion of Dillon & Hubbard in Relation Thereto.

San Francisco, December 6, 1909.

Gentlemen—Referring to the propositions for the acquisition by the City and County of San Francisco of a water supply, which are now before your Board, permit us to advise as follows:

On October 18th, 1909, your Board passed to print Ordinance No. 924 (New Series), by which it was decided and determined that the public interest and necessity demand the acquisition, construction and completion of a public utility, to wit, a water supply and works to be owned and controlled by the City and County of San Francisco, to furnish to said City and County and to the inhabitants thereof a sufficient supply of good, pure water for all purposes. In that Ordinance Lake Eleanor and the waters of the Tuolumne River and its tributaries in Tuolumne County, California, were designated as available sources for obtaining a sufficient supply of good, pure water for all purposes.

On the same day your Board adopted Resolution No. 4618 (New Series), soliciting offers for the sale to the City and County of San Francisco of any existing public utility, to wit, a system of water supply and works for supplying water to said City and County and its inhabitants, or any portion thereof.

In response to such Resolution and the notices provided therein, two offers were submitted to your Board, one of which was an offer by the Spring Valley Water Company to sell to the City and County of San Francisco its distributing system at a designated price.

On November 15, 1909, your Board took three separate actions with regard to the matter under consideration, viz.:

By Resolution No. 4793 (New Series) your Board rejected both offers which had theretofore been submitted for the sale of purported public utilities and determined that by the acceptance of such offers, or either of them, the electors of the City and County of San Francisco would not have the benefit of acquiring such a public utility as is described in your Resolution No. 4618 (New Series), above referred to.

At the same meeting your Board adopted Resolution No. 4794 (New Series), in and by which certain designated gentlemen were appointed as "a committee to conduct negotiations with the Spring Valley Water Company, looking toward the sale of the plant of the Spring Valley Water Company to the City and County of San Francisco, at a price to be fixed by arbitration, or otherwise, and to report to this Board the result of such negotiations."

At the same meeting, Bill No. 1092, Ordinance No. 962 (New Series), calling and providing for a special election to be held December 28th, 1909, for the purpose of submitting to the electors of said City and County the proposition of incurring a bonded debt in the amount of Forty-five Million (45,000,000) Dollars, for the purpose of the acquisition, construction and completion of the water supply and works designated in the original Ordinance No. 924, was passed to print.

The committee appointed by Resolution No. 4794 (New Series) has held several conferences with the directors of the Spring Valley Water Company, and with a special committee appointed by that Board. As a result of such negotiations a definite offer has been received from the Spring Valley Water Company to sell its entire physical properties to the City and County of San Francisco for the sum of Thirty-five Million (35,000,000) Dollars, which offer is now before your Board.

On November 29th, 1909, your Board adopted Resolution No. 4862 (New Series), in and by which the Board of Public Works was requested to obtain from the City Engineer and transmit to your Board additional plans of the cost of the acquisition, construction and completion of the Lake Eleanor and Tuolumne River system as the same will be modified if that system is used in conjunction with the existing system of the Spring Valley Water Company. Such additional plans and estimates have this day been filed with your Board. In this modified estimate it is stated by the City Engineer that in case it should become necessary to use the sources of supply described in Ordinance No. 924 (New Series) as a reinforcing supply to the existing works now offered to the City, the estimate submitted on November 11th, must be modified in the particulars

thereinafter stated. With the modifications referred to the estimated cost of the water supply and works described in Ordinance No. 924 (New Series), with necessary additions to the existing system, is placed at Twenty-three Million (23,000,000) Dollars. Adding this estimate to the sale price named by the Spring Valley Water Company, a total bonded indebtedness of Fifty-eight Million (58,000,000) Dollars will be necessary in order to acquire and improve the existing plant of the Spring Valley Water Company and to acquire, construct and complete such portions of the waterworks with the source of supply at Lake Eleanor and the waters of the Tuolumne River as are necessary to be used in connection with the existing works.

The San Francisco Charter provides, in Article XII, Section 2, as follows:

"Before submitting propositions to the electors for the acquisition by original construction or condemnation of public utilities, the Board of Supervisors must solicit and consider offers for the sale to the City and County of existing utilities, in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof."

In view of the appointment of the committee for the continuation of negotiations at the same time that the first offer from the Spring Valley Water Company was rejected, and in view of the further fact that the negotiations of that committee had under order from your Board, have resulted in the receipt of a definite offer, we are of the opinion that such offer must be submitted to the electors of San Francisco contemporaneously with the submission of the proposition to incur a bonded indebtedness for Forty-five Million (45,000,000) Dollars for the acquisition, construction and completion of a water supply and works as described in Ordinance No. 962 (New Series).

The submission of the latter proposition before affording the electors the opportunity of expressing their acceptance or rejection of the offer made by the Spring Valley Water Company, might raise serious doubts as to the legality and marketability of any bonds issued as a result of such election. As we construe the provisions of the Charter, we believe that the electors are now entitled to have submitted to them alternative propositions in such manner that they may have the opportunity of expressing their choice, i. e., (1) whether they desire the construction of an entire new water system without regard to the existing plant; (2) whether they desire the purchase of the existing plant alone, without extension; or (3) whether they desire the

purchase of the existing plant and the acquisition and construction of such portions of the new system as may be necessary to be used in connection therewith.

A form of ordinance is herewith transmitted which provides for the submission to the electors at a new election to be held on January 14th, 1910, the two propositions of acquiring a new system of water supply and of purchasing the existing plant of the Spring Valley Water Company. To the first proposition is attached a proviso that in the event the second proposition receives the necessary two-thirds vote the bonds to be issued under proposition No. 1 shall be limited to Twenty-three Million (23,000,000) Dollars, the amount which will be necessary to be used in the acquisition and construction of the Lake Eleanor and Tuolumne River system when used in connection with the system of works of the Spring Valley Water Company.

Under these two propositions every elector will have an opportunity of expressing his choice of the three proposed plans. Those who desire to acquire the Lake Eleanor and Tuolumne River system alone will vote for proposition No. 1 and against proposition No. 2. Those who desire to acquire the system of the Spring Valley Water Company alone will vote for proposition No. 2 and against proposition No. 1. Those who desire to acquire the system of the Spring Valley Water Company and the acquisition and construction of such portions of the Lake Eleanor and Tuolumne River system as may be necessary to be used in connection with the system of the Spring Valley Water Company will vote in favor of both propositions.

The method of submitting these propositions which is contained in the accompanying ordinance has the unqualified approval of the City Attorney and his staff, of the special counsel for the City and of his Honor the Mayor. After an agreement had been reached by all of the above persons the plan covered by the accompanying ordinance was submitted to the Public Utilities Committee of your Board, and, with its approval, the entire situation has been submitted by wire to Messrs. Dillon & Hubbard of New York, specialists in the matter of the issuance of municipal bonds, who have heretofore been employed by the City in connection with its bond issues. In a telegram received from these latter gentlemen on December 3rd, they have expressed their unqualified approval of the form of submission covered by the accompanying ordinance. Copies of this correspondence with Dillon & Hubbard are attached to this opinion.

We, therefore, advise that under the

present situation the following proceedings be taken:

1. On December 6th, 1909, the accompanying ordinance, repealing Ordinance No. 962 (N. S.), passed November 22nd, 1909, and calling an election for January 14th, 1910, be passed to print.

2. On December 13th, 1909, the accompanying ordinance be finally passed and thereafter be published for ten days—December 14th, 15th, 16th, 17th, 18th, 20th, 21st, 22nd, 23rd and 24th.

3. On December 13th, 1909, an ordinance giving notice of election be passed to print and thereafter be published five days—December 14th, 15th, 16th, 17th and 18th.

4. On December 27th, 1909, the ordinance giving notice of election be finally passed and thereafter be published for fourteen days—December 28th, 29th, 30th, 31st, 1909, and January 3rd, 4th, 5th, 6th, 7th, 8th, 10th, 11th, 12th and 13th, 1910.

From the foregoing it will appear that January 14th, 1910, is the earliest day upon which the election can be held. Respectfully,

PERCY V. LONG,
City Attorney.

THOS. E. HAVEN,
Assistant City Attorney.

CURTIS H. LINDLEY,
Special Counsel.

Telegram to Dillon & Hubbard.

San Francisco, Dec. 1st, 1909.
To Dillon & Hubbard, Western Union Building, New York City:

On October 18th, 1909, Board of Supervisors passed following declaratory ordinance under Article 12 of the Charter (Ordinance 924, New Series).

On the same day Board passed following resolution (Resolution No. 4618, New Series).

Under these, Board of Public Works estimated completed construction Sierra Tuolumne supply 45,000,000, including comprehensive distributing system. Spring Valley made offer only of distributing system, with contract to supply water at wholesale. Also offered scheme of arbitration. Both propositions were rejected as not being in conformity with resolution and charter. Board then ordered election for December 28th, to vote on Sierra Tuolumne supply. At same meeting Board appointed Special Committee to confer with Spring Valley with view of obtaining offer, passing following resolution (Resolution No. 4794, New Series).

Conference resulted in Spring Valley, on December 29th, making flat offer to sell its entire property, free of debt, for \$35,000,000. If this offer should be accepted Engineer estimates twenty-two million of Sierra Tuolumne bonds will be unnecessary. Spring Valley may thus be purchased for thirty-five mil-

lion and be supplemented by Tuolumne supply for twenty-three million additional. Under this state of facts the City desires to be advised as follows: First, may the City proceed with the election now fixed for December 28th, involving Tuolumne supply only and call another election to vote on offer of Spring Valley, or should the two propositions be submitted to the people at the same time? Second, may the City abandon the pending election proceedings fixed for December 28th, and, without calling for new offers and acting under original declaratory ordinance, submit combined Tuolumne-Spring Valley propositions to the people on \$58,000,000 bond issue basis? Third, may the City call new election, based on original declaratory ordinance, resolution and engineer's estimates, submitting three propositions in the alternative, as follows:

First. Tuolumne Sierra project alone, forty-five million.

Second. Spring Valley alone, thirty-five million.

Third. Combination Tuolumne and Spring Valley, fifty-eight million.

Fourth. May the City submit the following two interrelated propositions, acting under engineer's original and amended estimates and original declaratory ordinance: Proposition One—To incur a bonded debt of the City and County of San Francisco to the amount of \$45,000,000 for the purpose of the acquisition, construction and completion of a water supply and works to be owned and controlled by the said City and County to furnish to said City and County and to the inhabitants thereof a sufficient supply of good, pure water for all purposes, the sources of supply to be Lake Eleanor, and the waters of the Tuolumne River and its tributaries in Tuolumne County, California; provided, that if proposition No. 2 on this ballot shall receive the necessary two-thirds vote, then bonds to the amount of \$23,000,000 only shall be issued under this authorization. Bonds issued for this purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually. Proposition No. 2—To incur a bonded debt of the City and County of San Francisco to the amount of \$35,000,000, for the purpose of the acquisition of an existing public utility, to wit, the water supply and works of the Spring Valley Water Company, a corporation, to be owned and controlled by the said City and County, to furnish to said City and County and to the inhabitants thereof a sufficient supply of good, pure water for all purposes. Bonds issued for this purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually.

We realize difficulty of answering questions of this importance by tele-

graph, but Spring Valley offer expires January 20th, and present Board retires shortly. Time is short to enable it to set machinery in motion. We earnestly request your telegraphic opinion by Saturday morning. Wire at our expense.

San Francisco, Dec. 2, 1909.

Messrs. Dillon & Hubbard, Western Union Telegraph Building, New York.

All interested officials here favor submitting on ballot two interrelated propositions contained in fourth question of yesterday's telegram. Please advise as soon as possible whether you approve that action.

PERCY V. LONG, City Attorney.

Telegraphic Reply of Dillon & Hubbard.

New York, Dec. 3, 1909.

Hon. Percy V. Long, City Attorney, San Francisco, Cal.

Telegram received. Think course No. 4 outlined by you legal and preferable to courses 1, 2 and 3. Think Board of Public Works, through City Engineer, should make and file plans and estimates showing how twenty-three millions estimate is arrived at and the making of such plans and estimates should, among other things, be recited in ordinance calling election. We think you can act under engineers' original estimate and additional estimate regarding twenty-three millions and also act under original declaratory ordinance without having new declaratory ordinance. We advise that if ordinance has already been passed, calling election for purpose only of voting forty-five millions original proposition, then such ordinance should be repealed and new ordinance passed calling election for two propositions outlined in course 4. Received your telegram today stating that all officials favor said course No. 4. This agreement of opinion gratifying.

DILLON & HUBBARD.

Report of Public Utilities Committee.

San Francisco, Cal., Dec. 6, 1909.

To the Honorable the Board of Supervisors, San Francisco.

Gentlemen—Your Committee on Public Utilities, having charge of all water supply matters, begs leave to submit the following report:

Since calling the election to be held on December 28, 1909, for the acquisition of a system of water supply and works, with the source of supply at Lake Eleanor, etc., new conditions have arisen which have resulted in a change of the plan as originally determined upon.

The offer of the Spring Valley Water Company to sell its property to the City, made a week ago, has raised certain questions of a legal character which were referred to the City's legal

department. A report thereon has this day been presented to this Board, and upon such opinion this committee bases its recommendation to repeal Ordinance No. 962 (New Series), calling an election for December 28th, and to pass a new ordinance fixing a new date for such election on January 14, 1910. At this election two propositions will be submitted:

One for the acquisition and construction of the Lake Eleanor-Tuolumne system, the other for acquisition of the Spring Valley system, with a proviso attached to the first proposition to the effect that if the second proposition is carried then bonds to the amount of \$23,000,000 will be issued under proposition 1, this being the amount shown by the report of the City Engineer as necessary to make a combined system.

The bill herewith presented, in addition to the matters indicated in the title, provides the term and form of the bonds, their time of payment and the rate of interest to be paid. These details are as follows:

All bonds are to be dated July 1, 1910, and are of the denomination of \$1000 each. All are to bear interest at the rate of 4½ per cent per annum, payable semi-annually; this being the lowest rate that the present state of the bond market will warrant.

The \$45,000,000 bonds issued under proposition 1 will be payable \$1,000,000 annually for forty-five years, commencing ten years from their date. The \$35,000,000 issued under proposition 2 will be payable \$1,000,000 annually for thirty-five years, commencing eight years from their date.

If both propositions carry, the \$58,000,000 thereby authorized will be payable \$1,000,000 annually for fifty-eight years commencing ten years from their date.

Your committee recommends the passage to print of the bill herewith presented. Respectfully submitted,

J. A. JOHNSTON,

D. C. MURPHY.

R. McLERAN.

Passed for Printing.

Thereupon the following Bill was introduced by Supervisor Johnston, and on his motion was passed for printing:

Calling and Providing for a Special Election on January 14, 1910, for the Issuance of Bonds for the Acquisition of a Municipal Water Supply.

Bill No. 1120, Ordinance No. — (New Series), entitled, "Calling and providing for a special election to be held in the City and County of San Francisco on Friday, the 14th day of January, 1910, for the purpose of submitting to the voters of said City and County two propositions, to wit:

"1. A proposition to incur a bonded debt of the City and County of San

Francisco to the amount of forty-five million dollars for the purpose of the acquisition, construction and completion of a public utility, to wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of water for all purposes, the sources of such supply to be Lake Eleanor, the waters of the Tuolumne River and its tributaries in Tuolumne County, California, provided that if proposition two on this ballot shall receive the necessary two-thirds vote then bonds to the amount of \$23,000,000 only shall be issued under this authorization.

"2. A proposition to incur a bonded debt of the City and County of San Francisco to the amount of \$35,000,000 for the acquisition of an existing public utility, to wit: The water supply, works and property of the Spring Valley Water Company, a corporation, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof.

"Also repealing Ordinance No. 962 (New Series), passed and approved November 22, 1909."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Indefinite Postponement.

Whereupon, on motion of Supervisor Johnston, the following Bill, heretofore passed for printing, was taken up and *indefinitely postponed*:

Giving Notice of Special Election for the Issuance of Bonds for the Acquisition, Construction and Completion of a Municipal Water Supply.

Bill No. 1114, Ordinance No. — (New Series), entitled, "Giving notice of a special election to be held in the City and County of San Francisco, on Tuesday, the 28th day of December, 1909, for the purpose of submitting to the electors of said City and County the following, to wit: A proposition to incur a bonded debt of the City and County of San Francisco to the amount of forty-five million dollars for the purpose of the acquisition, construction and completion of a public utility, to wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of good, pure water for all purposes, the sources of such supply to be Lake Eleanor, the waters of the Tuolumne River and its tributaries in Tuolumne County, California. This ordinance is the fourth of a series of ordinances to be adopted by the Board of Supervis-

ors relating to and designed to secure the acquisition, construction and completion of the public utility herein named.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Absent—Supervisor McAllister—1.

Adopted.

Thereupon, the following Resolution was introduced by Supervisor Johnston and adopted by the following vote:

Rejecting all Offers to Sell Systems of Water Supply for San Francisco Except that of Spring Valley Water Company.

Resolution No. 4963 (New Series), as follows:

Whereas, Certain communications have been filed with this Board setting forth that certain properties owned or controlled by the writers thereof might be obtained as a source or sources of water supply; and,

Whereas, This Board has fully considered the same; now, therefore,

Resolved, That all matters and things contained in such communications purporting to be offers of the sale of an existing public utility, to wit: A water supply and works used in supplying water to the City and County of San Francisco and its inhabitants, or any portion thereof, be and the same are hereby rejected, excepting the offer of the Spring Valley Water Company to sell its entire physical property to the City and County for the sum of \$35,000,000.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Motion.

Supervisor Johnston moved that the Clerk record all matters relative to the acquisition of a water supply in sequential order in the Journal.

So ordered.

Final Passage.

The following matters heretofore passed for printing were taken up and *finally passed* by the following vote and numbered as follows, to wit:

Ordering Sewer Work.

Bill No. 1106, Ordinance No. 980 (New Series), entitled, "Ordering the construction of sewers and appurtenances in the Yerba Buena District, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of six hundred thousand (\$600,000) dollars, payable out of the proceeds of sale of Sewer Bonds, Issue of 1908."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Bill No. 1107, Ordinance No. 981 (New Series), entitled, "Ordering the construction of an addition to the new sewers and appurtenances in Greenwich street, between Gough and Octavia streets, and in Gough street, between Filbert and Greenwich streets, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of five hundred and ten (\$510) dollars, payable out of the proceeds of sale of Sewer Bonds, Issue of 1908."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Abolishing Sidewalk Widths, Mersey Alley.

Bill No. 1108, Ordinance No. 982 (New Series), entitled, "Amending Ordinance No. 1061, entitled, 'Regulating the width of sidewalks,' approved December 18, 1903, by adding thereto a new section to be numbered Three hundred and twenty-three, the provisions of which abolish sidewalk widths on Mersey Alley."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Spur Track Permit, Western Pacific Railway Co.

Bill No. 1109, Ordinance No. 983 (New Series), entitled, "Granting permission, revocable at will of Board of Supervisors, to Western Pacific Railway Company, a railroad corporation, to construct, maintain and operate certain spur tracks in the City and County of San Francisco, State of California."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Full Acceptance, Crossing of Twelfth Avenue and California Street.

Bill No. 1110, Ordinance No. 984 (New Series), entitled, "Providing for full acceptance of the roadway of the crossing of Twelfth avenue and California street, paved with bituminous rock."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Conditional Acceptance of Crossings of Sixteenth and Alabama and Sixteenth and Vermont Streets.

Bill No. 1111. Ordinance No. 985 (New Series), entitled, "Providing for conditional acceptance of the roadway of the crossing of Sixteenth and Alabama streets and the crossing of Sixteenth and Vermont streets paved with bituminous rock."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Extension of Time, Sewer Work.

Resolution No. 4904 (New Series), Granting G. W. McGinn & Co. an extension of thirty days' time, from and after November 26, 1909, within which to complete the construction of sewers and appurtenances in Greenwich street, between Gough and Octavia streets, and in Gough street, between Filbert and Greenwich streets.

This extension of time is granted for the reason that work has been delayed by the City Engineer's office, because of the existence of an old brick sewer along the line of the new sewer.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Spur Track Permit, J. R. Howell.

Bill No. 1116, Ordinance No. 986 (New Series), entitled, "Granting permission, revocable at will of the Board of Supervisors, to J. R. Howell, to construct, maintain and operate a spur track from the tracks of the Ocean Shore Railway Company on Twelfth street, thence over and across and into the property on the westerly line of Twelfth street 125 feet, more or less, northerly from the northerly line of Howard street."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Changing Grades, Beale Street.

Bill No. 1119, Ordinance No. 987 (New Series), entitled, "Changing and establishing the official grades on Beale street between Folsom and Bryant streets, and on Beale street at the Folsom and Bryant street crossings, and ordering certain regrading of said mentioned portions of said streets and certain street work to be done thereon, and ordering other improvements thereon, consisting of the construction of a certain steel bridge connecting the southwest end or line of Harrison street at the Beale street crossing with the northeast end or line of Harrison street at said crossing and the construction of two certain steel stairways

connecting said bridge with the southwest end and northeast sidewalk spaces of Beale street near the Harrison street crossing."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Extension of Time, Street Work.

Resolution No. 4905 (New Series), as follows:

Resolved, That Flinn & Treacy be and are hereby granted an extension of sixty days' time from and after December 1, 1909, within which to complete the contract for grading the roadway of Fifteenth and Tilden streets from Castro street to South Broderick street.

This extension of time is granted for the reason that the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Changing Street Names.

Bill No. 1117, Ordinance No. 988 (New Series), entitled, "Changing the names of certain streets, avenues, places, lanes, alleys and courts in the City and County of San Francisco."

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

Changing Names of Streets in South San Francisco.

Bill No. 1118, Ordinance No. — (New Series), entitled, "Changing the names of certain streets, avenues, places, lanes, alleys and courts in the City and County of San Francisco."

Privilege of the Floor.

Father O'Sullivan, representing South San Francisco, was granted the privilege of the floor and addressed the Board, objecting to the abolishment of the numbered avenues in South San Francisco, claiming that that section of the city had a prior right to the use of the numbered avenues and should not be obliged to forego them for the benefit of the Richmond District. He stated that fully ninety per cent of the people of that district were opposed to the changes and that the Bay View District Improvement Club had no right to represent the district favoring them.

D. Harrington, representing South San Francisco, addressed the Board, urging the priority of the right of South San Francisco to the use of the numbered avenues, he also declared that it was very probable the entire proceedings in the matter of changing

names in said district was illegal on account of the legislative grant which the Butchers' Reservation held in that section.

J. Madden, representing the postoffice authorities, also addressed the Board, explaining the position of the Postoffice in the matter. He suggested the propriety of the minority in South San Francisco submitting to the interests of the majority in the Richmond District in the use of the numbered avenues.

T. C. Sharman, representing the Bay View District Improvement Club, addressed the Board favoring the proposed changes.

Nat Hanlon, representing South San Francisco, opposed the proposed changes.

Final Passage.

Whereupon, the question being taken, the foregoing Bill was finally passed as Ordinance No. 989 (New Series), by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, D'Ancona, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—12.

Noes—Supervisors Center, Comte, Connolly, Harris, Hocks—5.

Urging Appropriation of \$400,000 by Congress for Improvement of Sacramento and San Joaquin Rivers.

Also, Resolution No. 4912 (New Series), as follows:

Whereas, The Legislature of the State of California at its last session passed an appropriation of four hundred thousand (\$400,000.00) dollars for the improvement and rectification of the Sacramento and San Joaquin Rivers, and

Whereas, Said appropriation was passed in form advised by the Committee on Rivers and Harbors of the

National House of Representatives, and its use is conditioned upon Congress making for the same purpose an appropriation of equal amount, and

Whereas, The citizens of California interested in such river improvement have contributed of their private funds a large amount of money for the purpose, and have already bought and paid for a considerable tract of land to be presented to the Federal Government; now, therefore,

Resolved, By this Board that the resolutions adopted by the meeting held in Sacramento on November 22, 1909, composed of Governor Gillett, State Engineer Ellery, the River Consulting Board, and the Trustees of the San Joaquin and Sacramento Improvement Association, that the Congress be requested to appropriate four hundred thousand (\$400,000.00) dollars to add to the State appropriation a like amount, to be used in the rectification and improvement of the rivers by the California Debris Commission, be and the same are hereby endorsed and approved by the Board of Supervisors of the City and County of San Francisco, State of California.

Resolved, That these resolutions be presented to our Representatives and Senators in Congress, and that they be and are hereby urged to secure said appropriation at the earliest possible date in the interests of the commerce and products of the entire State, and for the safeguarding of its waterways.

VETO MESSAGE.

The following message from his Honor, the Mayor, returning without his approval and with his objections thereto, Resolution No. 4897 (New Series), was received, read, ordered published, entered in the Journal and referred to the Judiciary Committee:

MAYOR'S OFFICE.

City and County of San Francisco,
December 10, 1909.

To the Board of Supervisors of the City and County of San Francisco:

I am constrained to return to you without my approval Resolution No. 4897, granting permission to Charles Lennon to construct and maintain a stable at Nos. 2617-2619 Bush street, for the reason that, in my opinion, said Resolution is beyond the power of the Board to adopt.

The law pertaining to the subject is as follows: By Ordinance No. 1055, approved November 28, 1903, no person could maintain a stable without first having obtained a permit from the Board of Health. That Ordinance remained in force until March 12, 1907, when it was repealed by Ordinance No. 189 (New Series). By the last-named Ordinance the right to grant permits for the maintenance of stables was taken from the Board of Health and transferred to the Board of Supervisors. This last-named Ordinance was in turn amended on January 9, 1908, by Ordinance No. 334 (New Series), the first section of that Ordinance reading as follows:

"Section 1. It shall be unlawful for any person, firm or corporation to hereafter construct and maintain within the City and County of San Francisco within fifty feet of any residence, dwelling place, school house or church, any stable for more than four horses, or to maintain a stable for more than four horses within fifty feet of any residence, dwelling place, school house or church or any existing structure not used at the date of the passage of the Ordinance for stable purposes."

From the hearing before me, where both sides were numerously represented, it appeared that the stable for which the permit is sought was constructed by Mr. Diggins since the fire and was subsequently used as a stable for fifty-two horses by the applicant. Mr. Lennon, under lease from Mr. Diggins, without any permit having been granted to maintain such stable from the Board of Health, which Board alone at that time, as seen above, had the power to grant such permits. From the time the premises were first used as a stable by Mr. Lennon up to the time of the fire, which destroyed the stable building, the premises were thus unlawfully used by Mr. Lennon, the applicant here. This is a matter of some importance because it might be argued, with some degree of force, that the section above quoted from Ordinance No. 334 did not apply to the reconstruction of a stable building which had been destroyed. If the statute, however, is to be construed according to its express terms, as it should, it is clear that the board has no power to authorize the use of the premises for stable purposes, by reason of the fact, about which there is no dispute, that there are cottages directly alongside the lot of land on which the stable building is to be constructed, which cottages are at the present time used as residences. It is true that Mr. Diggins, who is the lessor of the applicant, is the owner of the land on which the stable building is to be constructed, as well as the owner of the land on which the cottages are; but neither the one standing in his position, nor his lessee, can maintain a stable in violation of the Ordinance any more than can anybody else. The Ordinance is express and is binding upon us.

I would hesitate long before differing from your honorable body in the matter of arriving at a judgment which is to be based entirely upon the facts; but where, as in this instance, the law seems to be plain against granting the permit which is sought, I have no recourse other than to return the Resolution to your Honor-

able body upon the ground of its being beyond your power to pass.

EDWARD R. TAYLOR, Mayor.

A true copy:

JOHN E. BEHAN, Clerk.

NEW BUSINESS (Out of Order).

On motion of Supervisor Murdock, the following matters were taken up out of order:

Stable Permit, Anne M. Spaulding.

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, in accordance with Ordinance No. 345

(New Series), be and is hereby granted to the following named to maintain a stable at the herein described location, to wit: Anne M. Spaulding, 353-5-7 Tehama street, four horses.

Privilege of the Floor.

William Kelly, attorney, representing Archbishop Riordan and Father Rodgers, pastor of St. Patrick's Church, was granted the privilege of the floor and addressed the Board, objecting to the granting of the permit for the reason that it was in violation of an ordinance of the Board of Supervisors prohibiting the establishment of such business within 50 feet of any residence, church or school. He also read a communication from Archbishop Riordan, urging upon the pastor of St. Patrick's Parish to take every means to prevent the establishment of a stable and carpet-beating establishment in said location.

William Cobb, representing petitioner, was also granted the privilege of the floor and addressed the Board, stating that his clients had maintained their carpet-beating establishment and stable in that location ever since 1864, and except for a short time after the fire of 1906, continued to do business there up to the present time. He declared that the location was given over entirely to commercial purposes and that there was no legitimate reason for refusing a permit.

Father John Rodgers, representing St. Patrick's Parish, addressed the Board, objecting to the proposed stable for the reason that it adjoined the parish school conducted by the Sisters of Charity and was a menace to the health of hundreds of pupils and a nuisance to the Sisters. He stated that in deciding the matter the Board should not give the same consideration to the private interest of the petitioner as to the greater public good to be served by the school.

Changing Street Names.

Supervisor Murdock presented the following:

Bill No. 1159, Ordinance No. — (New Series), entitled, "Changing the names of certain streets, avenues, places, lanes, alleys and courts in the City and County of San Francisco."

Privilege of the Floor.

Father O'Sullivan, representing South San Francisco, was granted the privilege of the floor and addressed the Board, objecting to the names of Egbert and Nelson. He stated further that the large majority of the people in South San Francisco were opposed to any change at all, and suggested that the addition of the word "West" to the numbered avenues in Richmond District would solve the question and permit the residents of South San Francisco to retain the numbered avenues which they had from the beginning.

Frank Coyle, representing South San Francisco, also addressed the Board, opposing the change of names in the said district.

G. Sharman, president of the Bay View District Improvement Club, addressed the Board, declaring that at the last meeting of the Committee every one was satisfied with the proposed changes and saw no reason for changing the recommendation of the Committee at the present time.

Passed for Printing.

SPECIAL ORDER.

Consideration of Devisadero Street-Mission-Crosstown Franchise.

In accordance with action heretofore taken, the Board proceeded to consider the special order of business fixed for this day's session, namely, consideration of Bill No. 414, commonly known as the Divisadero Street-Mission-Crosstown Franchise. Granting Franchise to George B. Willcutt.

Bill No. 414, entitled, "Granting to George B. Willcutt a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turnouts, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco."

Supervisor Johnston presented the following report:

Report of Public Utilities Committee. To the Honorable

The Board of Supervisors,—
Gentlemen: Bill No. 414, commonly called The Crosstown Franchise, was passed to print February 3, 1908. In the ninety days intervening between the date of its introduction and the date on which it came before the Board for final passage, objections urged against the wording of the bill caused the Board to recommend it to the Public Utilities Committee May 4, 1908. The purpose of recommendation was to enable the committee to secure modifications of the bill that would remedy its defects. Many meetings have been held but

without result. The bidder refuses the stipulations necessary to the safeguarding of the grant and the protection of the city. Indeed, the bidder not only declines to assent to modifications necessary to protect the city, but positively insists upon changes being made in the bill that would render the franchise more advantageous to the bidder. This, of course, we would not, could not, agree to. Having no hope of reaching a satisfactory agreement with the proponents of the franchise we return the bill to your Honorable Board in precisely the same form as when it was recommitteed. All the members of the Committee are agreed that the matter should be finally disposed of at this time. We therefore recommend that the bill be called up for vote on final passage and that it be defeated.

JAMES A. JOHNSTON,
D. C. MURPHY.

Read and ordered filed.

Minority Report.

Supervisor McLeran, constituting a minority of the Public Utilities Committee, reported in favor of passage of Bill No. 414, stating that he had submitted to the City Attorney the question of whether or not it was essential to insert the so-called ten-block provision in the franchise, in order to protect the interests of the City and County, and submitted in evidence the following communication requesting the opinion of the City Attorney on effect of the ten-block provision in the franchise.

Requesting Opinion of City Attorney.

San Francisco, Dec. 9, 1909.
Attention of G. A. Lull, Assistant City Attorney.

Percy V. Long,

City Attorney, San Francisco,—

Dear Sir: A question arising at the meeting of the Public Utilities Committee of the Board of Supervisors of the 8th instant, as to whether or not it is necessary to read the ten-block provision of the Charter into Bill No. 414, granting to George B. Willcutt the so-called Divisadero Street-Mission-Crosstown franchise. I would request you to advise the Board of Supervisors, at your very earliest convenience, whether in your judgment it is essential, in order to fully protect the interests of the City and County, to include this provision in the proposed grant.

Yours truly,

(Signed) R. McLERAN,
Supervisor.

Motion.

Supervisor McLeran moved that consideration of Bill No. 414 be postponed one week awaiting the opinion of the City Attorney.

Substitute Motion.

Supervisor D'Ancona moved as a substitute, which was accepted by Supervisor McLeran, that the City Attorney be requested to advise as to whether or not every condition imposed by the Charter becomes a part of the franchise without incorporating said conditions therein.

Motion lost.

Excerpt From Report of Public Utilities Committee of 1908.

Supervisor Johnston called attention to the fact that on January 6, 1908, the then Public Utilities Committee of the Board of Supervisors, composed of A. A. D'Ancona, E. J. Molera and James P. Booth, reported adversely upon the bid of George B. Willcutt, as appears from the following excerpt from report of said Committee on file with records of the Board of Supervisors, to wit:

"In the matter of the bid of George B. Willcutt for the grant of a franchise for a crosstown street railway from Scott and Page streets to Potrero avenue, your Committee reports against the acceptance of said bid, and against the award of franchise, for the reason that it is opposed to the grant of a franchise to a third party in interest, the said bidder being secretary of the United Railroads, which proposes to build the road in the event of the franchise being granted.

Privilege of the Floor.

R. M. Armstrong, representing the Parkside Improvement Club; Walker Graves, representing the Mission Promotion Association, and L. L. Peterson were granted the privilege of the floor, and were heard advocating the granting of the franchise without writing the so-called ten-block provision therein.

L. M. King, Secretary, Joint Executive Committee on Street Railroad Extensions, was granted the privilege of the floor and explained the reason why the United Railroads objected to the insertion of the ten-block clause in the franchise and called attention to the following correspondence had by and between the Joint Executive Committee and the United Railroads in relation to the passage of the grant, which correspondence was read by the Clerk.

Correspondence between Joint Executive Committee on Street Railroad Extensions and the United Railroads of San Francisco, Suggesting Plan for the Grant of So-called Divisadero Street-Mission-Crosstown Franchise.

Joint Executive Committee of Street Railroad Extensions, 1233 Merchants' Exchange Building. Telephone Kearny 2183. R. H. Swayne, Chair-

man. L. M. King, Secretary. Consisting of delegates from Upper Market street Improvement Club, West End Betterment Club, West of Castro Street Improvement Club, Charter Oak Avenue Improvement Club, Devisadero Street Merchants' Association, Devisadero Street Improvement Association, Market and Church Street Improvement Club; Haight and Ashbury Heights Improvement Club, West Mission Street Improvement Club, Sunset District Improvement Club, Horner's Addition Improvement Club, Parkside Improvement Club, Bay Shore Improvement Club, Oceanside Improvement Club, Sunset Merchants' Association, Richmond Improvement Association, Eureka Valley Improvement Association, Market Street Homestead Association Improvement Club, The Merchants' Association of San Francisco.

San Francisco, California, November twelfth, Nineteen hundred nine.

To the Honorable, the Board of Supervisors, City and County of San Francisco—Gentlemen:

The Joint Committee on Street Railroad Extensions has, for a long time, been working to overcome the objections that have been raised against the final passage of the Devisadero-Mission Crosstown Line, so that better transportation facilities could be furnished to the people traveling between the Mission and Western Addition and Richmond Districts. We believe that we have at last succeeded in finding a way by which the objections heretofore urged can be overcome and the city's rights remain as at present on Valencia and Eighteenth streets.

Understanding that the only difficulty remaining in the way of the proposed franchise was the objection to the use by Mr. Willcutt of two blocks on Valencia street and two blocks on Eighteenth street, which would result in there being two lines operating on these portions of said two streets, thus preventing any other road from running on these blocks, if occasion for so doing should arise, the committee has been endeavoring to persuade the United Railroads to waive its claims to the exclusive use of these blocks by that company and by Mr. Willcutt. We are glad to report that the United Railroads has finally agreed to a proposition by which, if the franchise is granted, only one road will be operated on Valencia and Eighteenth streets, thus leaving these streets in the same position, so far as being open to use by one other road, as they are at present.

The way proposed is for the route to remain as at present, but the Willcutt Company will not operate any of its cars over the two blocks on Valencia

street or the two blocks on Eighteenth street, and its cars will be taken over by the United Railroads when they reach the intersecting points on those two streets each trip and operated by that company as long as the cars are on either of those streets. This would mean that there would be only one line operating on either Valencia or Eighteenth streets, so that conditions, so far as those streets are concerned, would remain exactly as they are at present. This can be accomplished either by Mr. Willcutt accepting a broken franchise, with those four blocks omitted, or the full franchise could be granted on condition that Mr. Willcutt files an application for permission to relinquish those portions of the franchise on Valencia and Eighteenth streets as soon as it is granted.

We do not know which of these two methods the company would prefer, but that detail can be discussed with the company when the matter comes up for consideration.

We strongly urge that your honorable Board give this matter your early consideration and that the franchise be amended to conform to the above plan and be passed during the present year, as your honorable Board has had it in hand and is fully acquainted with all the circumstances in the case.

In order that the matter may be fully presented and that there may be no mistake about the position of this committee or of the terms agreed to by the company, we submit herewith the final correspondence between the Joint Executive Committee and the officers of the United Railroads.

We respectfully ask that we be notified of the time when this matter will be considered by the Public Utilities Committee, so that our representatives can be present.

Very respectfully,

JOINT EXECUTIVE COMMITTEE OF STREET RAILROAD EXTENSIONS.

ROBT. H. SWAYNE, Chairman.

L. D. KING, Secretary.

Joint Executive Committee on Street Railroad Extensions, 1233 Merchants' Exchange Building, San Francisco, October 1st, 1909.

Mr. Joseph D. Redding, No. 1595 Clay street, San Francisco—Dear Sir:

The Joint Executive Committee on Street Railroad Extensions has been, for some time, exerting its best efforts to improve and extend the street railroad transportation facilities in the outlying districts of San Francisco.

The Devisadero-Mission Crosstown car line franchise, now pending before the Board of Supervisors, has occupied considerable of our attention. The principal objection to this franchise is the fact that the two blocks which this line will occupy on both Eighteenth

and Valencia streets would deprive any other company from running cars over those streets in case necessity should arise in the future for so doing. Notwithstanding this, the different associations represented here have used their utmost efforts to have the franchise granted in its present condition, but without success. So much capital has been made of the fact that this provision in the franchise would absolutely block these streets against the ten block privilege, which is expressly provided for in the Charter, that it seems impossible to get this important and much-needed improvement in our crosstown facilities unless your company will waive this privilege on those four blocks.

Believing that this matter is of small importance to your company, as there is little likelihood of any other road desiring to use these streets, we ask whether you will use your efforts to have this privilege eliminated and accept the franchise if passed in its present form, which will be in conformity with the terms of the Charter of the City and County of San Francisco.

The favor of an early reply will be appreciated by the Committee.

Yours very truly,

JOINT EXECUTIVE COMMITTEE ON
STREET RAILROAD EXTENSIONS.

(Signed) L. M. KING, Secretary.
United Railroads of San Francisco, 810
Balboa Building,

San Francisco, Oct. 7, 1909.

L. M. King, Secretary, Joint Executive Committee of Street Railroad Extensions, 1233 Merchants' Exchange Building, San Francisco—Dear Sir:

Mr. Joseph D. Redding has referred to me your letter of the 1st instant. While the necessity for the Devisadero-Mission Crosstown line is by no means now so great as it was three years ago, before the general trend of business had again moved downtown, it gives me much pleasure to be able to say that if the proposed franchise, known as the Willcutt franchise, is granted by the Board of Supervisors under the terms and provisions as originally submitted, the line will be financed and promptly built by the San Francisco Electric Railways.

As heretofore stated to your committee, the owners of the United Railroads have caused the organization of the San Francisco Electric Railways for the purpose of aiding in the construction of the street railway extensions absolutely necessary for the development of San Francisco's outlying districts.

We recognize the advantage to the city of street railway extensions, and we recognize also their advantage to the United Railroads. While no one

of the extensions discussed with your committee would prove immediately profitable, and while no one of them would in itself justify construction under the stringent provisions of your city charter, we feel that the increased population which will eventually follow the extensions would warrant the United Railroads in aiding the people and the property owners in their construction. The United Railroads is limited in the rate of fare which it can charge, and the only way that it can secure increased profit is through increased population in the city, and we are willing to do more than our share in trying to bring about this result.

There should exist the most cordial relations between the people and the United Railroads. Its directors and owners have ever since they acquired the property, and especially since the fire, tried to meet successfully the very difficult problems with which it has been confronted, and are conscious of having done their full part liberally and efficiently in aiding San Francisco's reconstruction. As conservative business men, however, they are not justified in making increased investments unless they are assured of at least fair treatment by the people. Their respective duties are reciprocal.

This brings us to the direct inquiry of your letter, in regard to the use of the four blocks on Valencia and 18th streets. If the purpose of the Supervisors in holding up the Willcutt franchise unless the United Railroads consents to the use of its tracks on Valencia and 18th streets by an opposition company is to grant to another company a right to the use of the tracks built by the United Railroads or the San Francisco Electric Railways, then you must see that there is no inducement to build any extensions not presently profitable. It would not be fair on the part of the city or conservative on the part of the owners of the United Railroads for the latter to build an extension not now profitable and take all the risk of the investment and then when the territory adjacent to its extension had been built up and had become profitable, for the city to grant to an opposition road which had taken no risk in the matter and had contributed nothing to the upbuilding of the community an equal interest in the tracks laid down at the cost and risk of the San Francisco Electric Railways. Still less is it fair to ask the United Railroads, in order to enable the people to get the benefit of an unprofitable extension, to surrender rights which were granted to it many years ago.

Increased traffic of the proposed crosstown line on Valencia and 18th streets will not require additional tracks, and the United Railroads will

cheerfully and willingly enter into a contract with the proposed crosstown line for the use of the tracks already laid, on reasonable terms and with such provisions as will give to the United Railroads no greater rights than it now possesses. There has never at any time been any reason for holding up the grant of this crosstown franchise on the ground that it would tie up these two streets. The United Railroads will assume the operation of the cars of the crosstown line on these four blocks in such a way that no question can arise under the provision of the law in regard to the operation of two companies upon those streets. While the United Railroads cannot waive any of the rights which it now possesses, it does not seek any additional rights on those two streets through the grant of this crosstown franchise.

I speak for the directors and officers and every one interested in the United Railroads when I state that nothing would please them more than to reach a basis of cordial and harmonious co-operation with the city in the upbuilding of San Francisco in whose prosperity they would both share and rejoice.

Yours very truly,

(Signed) PATRICK CALHOUN,
President.

Joint Executive Committee on Street
Railway Extensions, 1233 Merchants'
Exchange Building.

San Francisco, October 9th, 1909.

Mr. Patrick Calhoun, President of
The United Railroads of San Fran-
cisco, No. 810 Balboa Building, San
Francisco—Dear Sir:

I beg to acknowledge receipt of your letter of the seventh instant, answering our letter to Mr. Joseph Redding of the first inst., and shall submit the same to the Joint Executive Committee on Street Railroad Extensions.

In order that there may be no misunderstanding as to the meaning of your answer and so that the committee may not possibly make statements contrary to what you intended us to understand, as unfortunately happened in the case of the Masonic avenue extension, I beg to ask you kindly to advise me whether my interpretation of your letter is correct.

You state that "increased traffic of the proposed crosstown line on Valencia and Eighteenth streets will not require additional tracks and the United Railroads will cheerfully and willingly enter into a contract with the proposed crosstown line for the use of the tracks already laid, on reasonable terms and with such provisions as will give to the United Railroads no greater rights than it now possesses."

* * * The United Railroads will assume the operation of the cars of

the crosstown lines on these four blocks in such a way that no question can arise under the provision of the law in regard to the operation of two companies upon those streets. While the United Railroads cannot waive any of the rights which it now possesses, it does not seek any additional rights on those two streets through the granting of this crosstown franchise."

I understand, from the above, that the San Francisco Electric Railways is willing to accept a broken franchise for the proposed Devisadero-Mission crosstown line, said franchise not to include the two blocks on Eighteenth street and the two blocks on Valencia street and that the United Railroads will itself haul the cars of the proposed crosstown line over the four blocks on Valencia and Eighteenth streets, so that there will, in fact, be only one car line operating on Valencia and Eighteenth streets and, in this way, the objections raised to tying up these two streets, so that no other company could ever run over them in case the necessity for such should arise, would be obviated.

It is understood that the franchise, if granted, must be granted to Mr. Willcutt, as originally proposed, but that this franchise would not extend to the above four blocks on Valencia and Eighteenth streets. This would seem to be one way out of the difficulty and is somewhat similar to one suggested by us during one of the discussions some time ago.

Will you kindly advise me at your early convenience whether the above interpretation correctly presents your intentions as expressed in your letter?

Upon receipt of your reply, I will at once submit the matter to the other members of the Joint Committee.

Yours very truly,

(Signed) L. M. KING,
Secretary, Joint Executive Commit-
tee on Street Railroad Extensions.
United Railroads of San Francisco, 810
Balboa Building.

October 13, 1909.

L. M. King, Esq., Secretary, Joint
Executive Committee of Street Rail-
road Extensions, 1233 Merchants' Ex-
change Building, San Francisco—Dear
Sir:

Your letter of October 9th has been received. In my judgment the Willcutt franchise should be granted as it now stands subject only to the condition that the two blocks on 18th street and the two blocks on Valencia street should be operated by the United Railroads of San Francisco, so that no question of the operation of two companies on those blocks could arise.

We are not committed, however, to any particular method. The meaning of my letter is clear. If the Willcutt franchise is granted, the four blocks

in question will be operated under such an agreement with the United Railroads as will eliminate, so far as 18th street and Valencia street are concerned, all questions in regard to the operation of two companies thereon arising out of the granting of said crosstown franchises.

Yours very truly,

(Signed) PATRICK CALHOUN,
President.

Agreement to Be Entered Into Between
the City and County of San Francisco,
United Railroads of San Francisco and
San Francisco Railways.

Mr. King also submitted the following form of agreement, intended to remove the objection raised as to the joint use by two companies of Eighteenth and Valencia streets:

United Railroads is to agree in writing to permit George B. Willcutt, or assigns, to connect with the tracks of the United Railroads at Page and Divisadero streets, Church and Eighteenth streets, Guerrero and Eighteenth streets, Valencia and Eighteenth streets and Twentieth and Valencia streets and the United Railroads are to operate the cars of said Willcutt or assigns over and along and upon Eighteenth street from Church street to Guerrero street and on Valencia street from Eighteenth street to Twentieth street to the end that only one railroad company shall be operating a railroad over and along said Eighteenth street between Church and Guerrero streets and on Valencia street between Eighteenth and Twentieth streets.

Motion.

Supervisor D'Ancona called attention to the fact that no formal stipulation or waiver had been presented by the grantee to the Board of Supervisors, and moved that consideration of the granting of the franchise be postponed one week, and in the meantime that the grantee be requested to file a stipulation with the Board of Supervisors that said grantee shall be bound by the terms of the Charter as now framed, relating to the granting of street railroad franchises, and also that a stipulation be filed by George B. Willcutt, the United Railroads of San Francisco and the San Francisco Electric Railways, including the City and County of San Francisco as a party in interest, waiving the right to a dual franchise on portions of Eighteenth and Valencia streets.

So ordered.

Direction of Chair.

Thereupon, the Chair directed the Public Utilities Committee to frame appropriate stipulations for presentation to the United Railroads.

CONSIDERATION OF GOUGH STREET FRANCHISE.

Resolution of Determination to Grant Franchise on Gough Street, Between McAllister and Market Streets.

Supervisor Johnston introduced the following resolution as a report of the majority of the Public Utilities Committee:

Resolution No. — (New Series) :

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by the Fillmore Street Improvement Association, through application filed July 13, 1908, to advertise and offer for sale to the highest bidder a twenty-five-year franchise, authorizing the construction, maintenance and operation of a double-track system of electric overhead trolley railroad over and along Gough street from its intersection with McAllister street to Haight, Market and Valencia streets, together with the necessary curves and crossings to enable connections of said railroad with the present street railroad lines on Market street and McAllister street; and

Whereas, It appears to this Board that the public interest will be subserved by the granting of such franchise; now, therefore,

Resolved, That this Board grant a franchise as a whole for a term of twenty-five years from the date of approval of the franchise for a double track standard gauge street railroad upon, along said crossing the following described route, to wit: Commencing at a point formed by the intersection of Gough and McAllister streets; thence running southerly along Gough street to its intersection with Haight, Market and Valencia streets to connect with the existing lines on McAllister street and on Market street.

The grantee under said franchise shall have the right to construct, erect, maintain and operate, by means of electricity, or such other improved motive power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, along and across the streets herein-above described, and to that end the grantee shall have the right to build, construct, erect, lay and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, underground construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, and to connect any or all of said tracks with the line of any street railroad or railroads constructed, maintained or operated under the franchise hereby proposed to be granted, or any other railroad or railroads now or hereafter constructed, maintained or operated under any other franchise along or upon or across any of the streets in said application set forth or described.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof, and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the following conditions additional to those prescribed by the Charter, to wit:

That the grantee operating under said franchise shall, so far as lies within his or its power, maintain reciprocal transfer privileges with lines of street railroad intersecting Gough street at McAllister street and at Gough street at its intersection with Haight, Market and Valencia streets.

That the grantee operating under said franchise shall install and maintain first-class ornamental iron poles of design to be approved by the Board of Supervisors, for use in the permanent construction of the lines and the feed wires shall be carried underground.

That the grantee operating under said franchise shall be required to pave the space between the rails and for two feet each side thereof and between the tracks, upon the streets whereon said tracks are to be laid and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County; also

That such street railroads operating under different managements, as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for the entire distance of the route above described, upon condition that the expense of construction and repair of the tracks and appurtenances used by said railroads jointly be equitably divided between the respective owners; also,

That the grantee operating under this franchise must pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (50) dollars per annum, nor less than fifteen (15) dollars per annum; also,

That as a condition precedent to the sale and granting of this franchise the grantee thereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times, and all mail carriers in the employ of the United States Govern-

ment, while engaged in the actual discharge of duty, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise; also,

That the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of five thousand (5000) dollars with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of five thousand (5000) dollars shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this resolution, of the notice of sale and of the ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the provisions of the Charter, and with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than at the hour of 12 o'clock m., and at the hour of 3 p. m., is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Minority Report.

Supervisor McLeran introduced the following resolution as a report of the minority of the Public Utilities Committee and moved its *passage for printing*:

Resolution No. — (New Series), Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the Fillmore Street Improvement Association, through petition filed July 13, 1908, for a franchise for a term of twenty-five (25) years to construct, lay down and operate a double track street railroad over and upon the following described route, to wit:

Commencing at a point formed by the intersection of Gough and McAllister streets, thence running southerly along Gough street to its intersection with Haight, Market and Valencia streets, to connect with the existing lines on McAllister street and on Market street,

Whereas, it appears to this Board that the public interest will be subserved by the grant of such franchise; therefore,

Resolved, That this Board grant a franchise as a whole, for a term of twenty-five (25) years, for a double track, standard gauge, street railroad over and upon the following described route, to wit:

Commencing at a point formed by the intersection of Gough and McAllister streets, thence running southerly along Gough street to its intersection with Haight, Market and Valencia streets, to connect with the existing lines on McAllister street and on Market street.

The grantee under said franchise shall have the right to construct, erect, maintain and operate, by means of electricity, or such other improved motive power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, along and across the streets hereinabove described, and to that end the grantee shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, and to connect any or all of said tracks with the existing tracks on McAllister street and on Market street.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II, of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof, and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the following conditions additional to those prescribed by the Charter, to wit:

That the grantee operating under said franchise shall be required to pave the space between the rails and for two feet each side thereof and between the tracks if there be more than one, upon the streets whereon said tracks are to be laid, and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County; also,

That the grantee operating under this franchise must pay to the City

and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (\$50) dollars per annum, nor less than fifteen (\$15) dollars per annum; also,

That the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of five thousand (\$5,000) dollars with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of five thousand (\$5,000) dollars shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this resolution of the notice of sale and of the ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the provisions of the Charter, and with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Saturday, February 19, 1910, at the hour of 12 o'clock m., and Monday, February 21, 1910, at the hour of 3 p. m., is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Privilege of the Floor.

A. J. Pon, representing the Fillmore Street Improvement Association, was granted the privilege of the floor and stated that the United Railroads of San Francisco would not accept the franchise under the conditions imposed by the majority of the Public Utilities Committee, and proposed that the report of the minority of said Committee be adopted by the Board. He further stated that the Fillmore Street Improvement Association would be required to contribute to the United Railroads of San Francisco the sum of \$40,000 to pay for the construction of the road.

Fred Eggers and Dan O'Callaghan, representing the Mission Central Improvement Club, and W. W. Deamer were heard favoring the adoption of the minority report.

Extending Thanks to Street Names Committee.

On motion of Supervisor Murdock:
Resolution No. 5058 (New Series), as follows:

Resolved, That the Board of Supervisors hereby extends its sincere thanks to Messrs. Zoeth S. Eldredge, R. W. Madden and Charles S. Aiken, citizens

of San Francisco, who accepted appointment as members of the Commission on change of street names, and who have gratuitously given faithful and laborious service in correcting abuses that had crept in and were proving extremely detrimental to the best interests of the city. The substitution of over four hundred names to avoid duplications, supplant lettered streets, and, above all, to dispense with one set of numbered avenues, has entailed a great deal of hard labor, and demanded taste, judgment and patient forbearance.

The opposition aroused made impossible the adoption of a complete scheme for the thorough correction of existing evils, but the report is on file, and some day public opinion may appreciate the lost opportunity and make use of it. At all events, the Commission may feel that a difficult task has been well performed, that enduring benefits will result, and that the members of the Board of Supervisors are grateful for the service rendered.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connelly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

ADJOURNMENT.

There being no further business, the Board, at the hour of 7:15 p. m., adjourned.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

The following communication was received, read and ordered *spread at length* in the Journal:

San Francisco, California, Public Improvement Bonds, \$3,640,000; Water Supply Bonds, \$360,000.

Dillon & Hubbard, Attorneys and Counsellors at Law, Western Union Building, 195 Broadway.

New York, December 21, 1909.

John E. Behan, Esq., Clerk Board of Supervisors, San Francisco, California:

Dear Sir—We beg to acknowledge receipt of your letter dated December 15, and the certified copies of proceedings of the Board of Supervisors therewith inclosed, relating to the sale of the \$4,000,000 bonds on December 6, 1909. We have examined the same and found them satisfactory. We accordingly inclose you herewith an opinion to the effect that these bonds will be valid when duly signed, sealed, delivered and paid for. We today sent a telegram to E. H. Rollins and Sons, First National Bank Building, San Francisco, California, as follows, to wit:

"Two telegrams twentieth received, also City's letter fifteenth. Mailing today preliminary opinion Chicago office bonds valid when duly signed, delivered and paid for. Send us signature certificate and treasurer's receipt our usual forms."

We are accordingly sending to E. H. Rollins and Sons of Chicago a duplicate of the preliminary opinion herewith inclosed, also mailing a like preliminary opinion to their San Francisco office.

A signature certificate and treasurer's receipt in the usual form should of course be furnished to us when a final opinion is desired, also an original of the bonds, if it is desired that our opinion shall state that an original bond has been examined by us.

Very truly yours,

DILLON & HUBBARD.

San Francisco, California, Public Improvement Bonds.

Dillon & Hubbard, Attorneys and Counsellors at Law, Western Union Building, 195 Broadway.

New York, December 21, 1909.

Board of Supervisors of the City and County of San Francisco, San Francisco, California:

Dear Sirs—At your request we have examined into the validity of the following described bonds of the City and County of San Francisco, to wit:

\$1,200,000 Fire Protection Bonds, comprising 30 bonds of each year's maturity, from 1916 to 1955 inclusive,

\$1,000,000 Sewer Bonds, comprising 25 bonds of each year's maturity, from 1915 to 1954 inclusive,

\$800,000 School Bonds, comprising 32 bonds of each year's maturity, from 1914 to 1938 inclusive,

\$440,000 Hospital Bonds, comprising 22 bonds of each year's maturity, from 1913 to 1932 inclusive,

\$200,000 Garbage System Bonds, comprising 10 bonds of each year's maturity, from 1911 to 1930 inclusive, said bonds being of the denomination of \$1000 each, dated July 1, 1908, bearing interest at the rate of five per centum per annum payable semi-annually January 1 and July 1. We have examined the constitution and statutes of the State of California and the charter of said City and County of San Francisco, and certified copies of proceedings of said City and County authorizing the issue of said bonds, also certified copies of proceedings making sale of said bonds to E. H. Rollins and Sons, N. W. Halsey and Company, N. W. Harris and Company, and A. B. Leach and Company, also the form of said bonds.

It is our opinion that the issue of said \$3,640,000 bonds has been duly authorized in accordance with the constitution and statutes of the State of California, including the charter of said City and County of San Francisco, and that said bonds have been duly sold at not less than par and accrued interest to the date of delivery of and payment for said bonds, and that when said bonds have been signed by the Mayor and Treasurer and countersigned by the Auditor, and sealed with the corporate seal of said City and County, attested by the Clerk of the Board of Supervisors, the coupons on said bonds bearing the engraved or lithographed signature of said Treasurer, all of said persons being actually in office when the bonds are delivered and paid for, and when said bonds shall have been delivered and paid for, said bonds will constitute valid and legally binding obligations of said City and County of San Francisco.

Very truly yours,

DILLON & HUBBARD.

San Francisco, California, Water Supply Bonds, \$360,000.

Dillon & Hubbard, Attorneys and Counsellors at Law, Western Union Building, 195 Broadway.

New York, December 21, 1909.

Board of Supervisors of the City and County of San Francisco, San Francisco, California:

Gentlemen—At your request we have examined into the validity of \$360,000 water supply bonds of the City and County of San Francisco, California, of the denomination of \$1000 each, said bonds being numbered and payable as follows, to wit:

Bonds numbers 41 to 100 both inclusive, payable January 1, 1910,

Bonds numbers 141 to 200 both inclusive, payable January 1, 1911,

Bonds numbers 241 to 300 both inclusive, payable January 1, 1912,

Bonds numbers 341 to 400 both inclusive, payable January 1, 1913,

Bonds numbers 441 to 500 both inclusive, payable January 1, 1914,

Bonds numbers 541 to 600 both inclusive, payable January 1, 1915, said bonds bearing interest at the rate of four and one-half per centum per annum payable semi-annually January 1 and July 1.

We have examined the constitution and statutes of the State of California and the charter of said City and County of San Francisco, and certified copies of proceedings authorizing the issue of said bonds, also the lithographed form of said bonds, also certified copies of proceedings showing sale of said bonds.

It is our opinion that the issue of said \$360,000 bonds has been duly authorized in accordance with the constitution and statutes of the State of California and the charter of said City and County of San Francisco, and that said bonds have been duly sold at not less than par and accrued interest to E. H. Rollins and Sons, N. W. Halsey and Company, N. W. Harris and Company and A. B. Leach and Company, and that when said bonds shall have been signed by the Mayor and Treasurer, countersigned by the Auditor, and sealed with the corporate seal of said City and County, the coupons on said bonds bearing the engraved or lithographed signature of said Treasurer, all of said persons being actually in office when the bonds are delivered and paid for, and when said bonds shall have been delivered and paid for, said bonds will constitute the valid and legally binding obligations of said City and County of San Francisco.

Very truly yours,

DILLON & HUBBARD.

SPECIAL ORDER.

Consideration of Divisadero Street-Mission-Crosstown Franchise.

The following Bill, consideration of which was made a special order of business for 3:00 p. m. this day, was taken up:

Granting Franchise to George B. Willcutt.

Bill No. 414, entitled, "Granting to George B. Willcutt a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turnouts, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco."

Stipulations in Matter of Granting Divisadero-Mission Crosstown Line.

Supervisor Johnston presented the following matters which were read by the Clerk:

Letter to George B. Willcutt.

December 24, 1909.

Mr. George B. Willcutt, Sec. United Railroads of San Francisco, City:

Dear Sir:—With reference to the final passage of Bill No. 414 of the Board of Supervisors of the City and County of San Francisco, entitled,

"Granting to George B. Willcutt a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turnouts, switches, curves, crossings, depot and terminal tracks, and facilities, along, over, under and across certain streets in the City and County of San Francisco,"

I am directed by the Public Utilities Committee of the Board of Supervisors to transmit to you a proposed form of agreement, prepared by said Committee, the Mayor and the City Attorney of San Francisco, containing conditions waiving restrictions of joint use of those portions of Valencia street and of Eighteenth street now covered by existing franchises of the United Railroads of San Francisco, and also waiving a restrictive clause in the fifth paragraph of Section 3 of said Bill, with the request that you advise the Board of Supervisors on or before next meeting of said Board to be held in this office, No. 70 Eddy street, on Monday, December 27, 1909, at the hour of 2:00 p. m., whether or not you will accede to the terms prescribed by said agreement, and file same with said Board as a condition precedent to the final passage of said Bill by said Board.

Yours truly,

(Signed) JOHN E. BEHAN,
Clerk.

Stipulations.

This Agreement, made and entered into this — day of December, 1909, by and between eGeorge B. Willcutt, the United Railroads of San Francisco, a corporation, and the San Francisco Electric Railways, a corporation, as parties of the first part, and the City and County of San Francisco, a municipal corporation, as party of the second part, Witnesseth:

Whereas, In and by Bill No. 414 (New Series) pending before the Board of Supervisors of the City and County of San Francisco, it is proposed to grant to George B. Willcutt a franchise to operate a street railway over the streets named therein; and

Whereas, There is now outstanding in and held by the said United Railroads of San Francisco franchises over part of the route described in said Bill No. 414, namely, on Valencia street, between Eighteenth and Twentieth streets, and on Eighteenth street, between Church and Guerrero streets; and

Whereas, Said George B. Willcutt, the grantee named in said Bill No. 414, is the Secretary of said The United Railroads of San Francisco, and does not propose to construct or operate said street railway on his own account, but intends to transfer his rights thereunder to said The San Francisco Electric Railways; and

Whereas, It is not the intent or purpose of any of the parties hereto that the proposed grant of franchise to said Willcutt over the aforesaid portions of said route in said Bill No. 414 described, to wit, on Valencia street, between Eighteenth and Twentieth streets, or on Eighteenth street between Church and Guerrero streets, shall operate in anywise to restrict the power of the Board of Supervisors to permit other lines of street railway, of the City and County itself in the operation of a municipal railroad, to use said parts of Valencia street or of Eighteenth street, or any part of the route described in said Bill No. 414, for not exceeding ten (10) blocks consecutively;

Now therefore, in consideration of the premises and the passage by the Board of Supervisors of the City and County of Bill No. 414, said George B. Willcutt, the United Railroads of San Francisco, and the San Francisco Electric Railways, as parties of the first part, do hereby stipulate and agree to and with the said City and County of San Francisco, as party of the second part, that such street railroads operating under different managements as the Supervisors may permit, or the City and County itself in the operation of a municipal railroad, shall have the

privilege of using the tracks of either of the parties hereto, their grantees, successors or assigns, on and over all and singular the route described and set forth in said Bill No. 414, for a distance not to exceed ten consecutive blocks, upon the sole condition that the expense of the construction and repair of the tracks and appurtenances used by the said railways jointly be equitably divided between the respective owners, the restriction contained in the fifth (5th) paragraph of Section three (3) of said Bill that such joint operation shall be "for the purpose of securing equal terminal facilities" being waived and relinquished.

In Witness Whereof, the said George B. Willcutt has hereto set his hand, the United Railroads of San Francisco, by resolution of its Board of Directors, a copy of which is hereto annexed, has caused these presents to be subscribed by its President and Secretary, and its corporate name and seal to be hereto affixed, and the San Francisco Electric Railways, by like resolution of its Board of Directors, a copy of which is hereto annexed, has caused these presents to be subscribed by its President and Secretary and its corporate name and seal to be hereto affixed this — day of December, 1909.

Delivery of Stipulations.

San Francisco, Cal., Dec. 24, 1909.
John E. Behan, Clerk, Board of Supervisors, San Francisco:

Dear Sir:—I beg leave to report to you that I delivered an envelope handed me by you addressed to George B. Willcutt, Secretary of the United Railroads of San Francisco, Oak and Broderick streets, San Francisco, to Mr. Willcutt at 3:55 p. m. on Friday, December 24, 1909, at Oak and Broderick streets, San Francisco.

Yours truly,

JAS. HILTON,
Assistant Clerk.

Communication from City Attorney Recommending Form and Conditions of Stipulations.

December 27, 1909.

Committee on Public Utilities, Board of Supervisors, City:

Gentlemen:—At a conference held at the Mayor's office to discuss the stipulations to be entered into by the United Railroads contingent upon the Board of Supervisors granting the Devisadero Crosstown franchise, the enclosed agreement was approved by those present at the conference and I recommend to your Committee the form and conditions of such agreement.

In my judgment the rights of the City are protected and it would seem to meet the views of all who have been interested in this matter.

Yours very truly,

PERCY V. LONG,
City Attorney.

Motion.

Supervisor D'Aucona moved that consideration of Bill No. 414 (New Series) be laid over one week.

So ordered.

PUBLIC AUCTION OF LEASES OF CITY PROPERTY.

In accordance with notice of public auction of leases of city property, published as required by law for three weeks in the Evening Post, the official newspaper of the City and County, the Board proceeded with said auction.

The Clerk read the "Notice of Auction Sale of Leases of City Property."

Whereupon, his Honor the Mayor called for bids and struck off and sold the following leases for terms of twenty years to the highest bidders, subject, however, to right of the Board of Supervisors to reject said bids as provided in the Notice of Sale, to wit:

Parcel No. 1—On the southerly line of California street, distant thereon 220 feet easterly from the easterly line of Hyde street, of dimensions 27½ feet by a uniform depth of 137½ feet; being a portion of 50 Vara Block No. 277.

To Jos. B. Ruegg for \$7.50 per month. Deposit of \$100 cash made by bidder with Clerk of the Board of Supervisors.

Parcel No. 2—On easterly line of De Haro street, distant thereon 420½ feet southerly from the southerly line of Twenty-second street, of dimensions 25 feet by a uniform depth of 80 feet; being a portion of Potrero Nuevo Block No. 177.

No bid received.

Parcel No. 3—On easterly line of Wisconsin street, distant thereon 420½ feet northerly from the northerly line of Army street, of dimensions 25 feet by a uniform depth of 80 feet; being a portion of Potrero Nuevo Block No. 218.

No bid received.

Parcel No. 4—On westerly line of Texas street, distant thereon 185 feet southerly from the southerly line of Mariposa street, of dimensions 30 feet by a uniform depth of 100 feet; being a portion of Potrero Nuevo Block No. 259.

No bid received.

Parcel No. 5—On southerly line of Vallejo street, distant thereon 191 feet 3 inches easterly from the easterly line of Laguna street, of dimensions 30 feet by a uniform depth of 137½ feet; being a portion of Western Addition Block No. 192.

No bid received.

Parcel No. 6—On southerly line of Hayes street, distant thereon 191 feet 3 inches westerly from the westerly line of Steiner street, of dimensions 30 feet by a uniform depth of 137½ feet; being a portion of Western Addition Block No. 379.

No bid received.

Parcel No. 7—On easterly line of Third avenue, distant thereon 285 feet southerly from the southerly line of I street, of dimensions 30 feet by a uniform depth of 120 feet; being a portion of Outside Land Block No. 674.

No bid received.

Parcel No. 8—On southerly line of Jackson street, distant thereon 158 feet westerly from the westerly line of Montgomery street, running thence westerly on Jackson street 7 feet 7 inches, thence southeasterly on Montgomery avenue 12 feet 3 inches, thence northerly 9 feet 3 inches to Jackson street and the point of commencement; being a portion of 50 Vara Block No. 68.

To B. Davidow for \$10.00 per month. Deposit of \$100 cash made by bidder with Clerk of the Board of Supervisors.

Thereupon the aforesaid bids were ordered referred to the Public Buildings and Finance Committees.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Passed for Printing.

The following Resolution was introduced under suspension of the rules and passed for printing:

Extension of Time, Construction of Mission Grammar School.

On motion of Supervisor Bancroft:

Resolution No. — (New Series), granting the Kittle Construction Company an extension of thirty days' time from and after December 14, 1909, within which to complete their contract for the construction of the Mission Grammar School building.

This extension of time is granted for the reason that the slow drying of the plaster in the building has caused delay.

REPORT OF PUBLIC BUILDINGS COMMITTEE SHOWING DISPOSITION OF PROCEEDS OF SCHOOL BONDS.

Supervisor Bancroft presented the following report, which was read by

the Clerk and on motion ordered spread at length in the Journal:

San Francisco, December 27, 1909.

To the Honorable the Board of Supervisors, San Francisco:

Gentlemen—Your Committee on Public Buildings presents herewith a report showing the distribution of the proceeds of the sale of school bonds, issue of July 1, 1908, and the present status of the fund.

The annexed statements show an excess of expenditures over estimates as follows:

On the purchase of school lands	\$ 81,524.24
On school construction.....	260,666.85
Cost engraving, etc.....	4,971.40
	<hr/>
	\$347,162.49

As shown by annexed statements, the actual premiums on \$2,900,000 of school bonds sold to date amounts to	\$232,193.40
Estimating the same, 8 per cent premium on the remaining \$2,100,000 unsold bonds gives an additional premium of.....	168,000.00
Total premium (actual and estimated)	400,193.40
Total expenditures over estimates..	\$347,162.49
Additional land for Everett school, under condemnation (estimated)	3,000.00
	<hr/>
	350,162.49

Surplus in funds.....\$50,030.91

This shows a credit in favor of the funds for the purchase of school lands and the erection of school buildings of \$50,030.91, allowing the amounts estimated in the bond issue for the completion of incompleting schools and for the purchase of lands not yet consummated.

In addition to this surplus of \$50,030.91, there remains unexpended \$15,532.90 in the general appropriation for plans and specifications, which will later be charged against the particular school appropriations. If the remaining schools are completed within the present estimates, the above surplus of \$50,000 will be increased by the above \$15,000.

All necessary land purchases have been completed for schools under the present bond issue, with the exception of lands for the following five schools and an additional parcel of land for the Everett Grammar School, which has been ordered condemned, and which will cost approximately \$3000.

Rincon	\$10,000
Irving	10,000
Jackson	40,000
Harrison	11,000

Columbia 9,000
 Total \$79,000

The Building Committee desires to conserve the present surplus of \$65,000 for unforeseen emergencies which may arise in the future. In accordance with this policy, your Committee recommends that, in the case of the Spring Valley School, said building be built and equipped within the original estimate of \$120,000. According to preliminary estimates of the City Architect this school, as at the present time designed, would cost approximately \$152,000. Your Committee has therefor recommended that the plans for the school be changed in such a manner that it may be built and equipped, to the satisfaction of the Board of Education, at a cost not to exceed \$120,000, which sum, being the full amount of the original estimate, your Committee is prepared to appropriate.

In conclusion, your Committee begs to call attention to the fact that, in addition to leaving its successors with

a surplus of \$65,000 in its fund, it has given the people of San Francisco the following schools and lands which were not contemplated when the bond issue was held:

Garfield School, \$88,721.70.
 Spent on Washington Grammar, \$9000.

Commercial High under construction. Land and building will cost \$305,454, whereas original estimate provided only for a building to cost \$190,000.

Additional land for West End School, \$9340.

Additional land for McCoppin School, \$9701.43.

The Denman Grammar School has a site costing \$66,811.79, whereas only \$25,000 was provided in the estimate.

Additional land was purchased for the Mission High School, for \$114,259.68, whereas only \$65,000 was provided for in the estimate.

Respectfully submitted,

PAUL BANCROFT,
 R. McLERAN.

**Communication From City Attorney
Recommending Acceptance of Compromise Offer of Connecticut Fire Insurance Company Covering Insurance of Property of Public Library Destroyed by Fire.**

Supervisor Comte presented the following communication, which was read, and on his motion ordered spread at length in the Journal:

City Attorney, San Francisco.

December 27th, 1909.

Board of Supervisors, City—Gentlemen:

In the matter of the City and County of San Francisco vs. Connecticut Fire Insurance Company of Hartford, Conn., which was an action instituted in the Superior Court of the City and County of San Francisco, State of California, by the plaintiff for the purpose of recovering insurance against loss by fire occasioned in the conflagration of 1906, the defendant has made the plaintiff an offer of compromise.

The plaintiff is satisfied with and willing to accept said offer, as appears by a resolution which has already been transmitted to you, and I therefore recommend the acceptance by your Board of the offer of the defendant and recommend the dismissal of said action based upon such offer of compromise.

Yours very truly,

PERCY V. LONG, City Attorney.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Appreciation of the Services of Loring P. Rixford.

On motion of Supervisor Sanderson: Resolution No. 5075 (New Series), as follows:

Be it Resolved, By the Board of Supervisors of the City and County of San Francisco, that Loring P. Rixford, by his resignation of the important post of City Architect, has brought to a close a career of unusual effectiveness as a public servant. As a member of this body and as Chairman of our Building Committee and Building Laws Committee, positions that he occupied for two years, he brought to the performance of his duties an untiring zeal as a citizen, coupled with a devotion to the highest ideals of his profession. In the organization of the Bureau of Architecture he gave to his city a means of grappling successfully with the gigantic problems of restoring our municipal buildings; and in the person of the late lamented Newton J. Tharp he found a fitting head for that bureau. His brief incumbency of that office after Mr. Tharp's death has been marked by a maintenance of the high standard now established in our municipal architecture. As the man who is above all others responsible for the beautiful, imposing and useful public buildings that are now rising on all sides to grace our new city, Mr. Rixford is deserving of and will receive the grateful recognition of his fellow citizens for all time to come.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Harris, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—17.

ADJOURNMENT.

There being no further business, the Board at the hour of 4 o'clock p. m., adjourned.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors, Monday January 3, 1910.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited. *John E. Behan*

JOHN E. BEHAN,
Clerk of the Board of Supervisors,
City and County of San Francisco.

It is a common mistake to think that the only way to
 improve the world is by changing the government. But
 the truth is that the only way to improve the world
 is by changing the people. The government is only
 a reflection of the people, and if the people are
 corrupt, the government will be corrupt. If the people
 are virtuous, the government will be virtuous.

THE END OF THE WORLD
 IS NOT THE END OF THE WORLD
 IT IS THE END OF THE OLD WORLD
